VOL. LXXXVI—NO. 105. WILMINGTON, N. C., THURSDAY MORNING, JULY 21, 1910. WHOLE NUMBER 13,352.

LORIMER VOTERS WERE DENOUNCED

Those Who Deserted Democratic Ranks In Illinois Legislature.

THEIR INDIVIDUAL ACTION

Democrats From All Parts of State Gather at Lincoln—Those Who Stood by Party's Choice Were Commended.

Springfield, Ill., July 20.—Democrats from all parts of the State gathered at Lincoln today and in vigorous terms denounced the action of those Democratic members of the State Legislature who deserted their party's choice for United States Senator and cast their votes for William Lorimer.

In resolutions adopted the convention endorses and commends those 24 members of the Legislature, who demonstrated their loyalty to principles, devotion to public duty in upholding the honor and integrity of the Democratic party by their unwavering adherence to the primary nominee of their party for United States Senator.

The resolutions further declare: "We as representatives of the Democracy, of Illinois, do proclaim to the nation and to the world that we do not accept responsibility as a party for Lorimer's election to the Senate and unhesitatingly condemn the said Democratic members of the General Assembly for their action and denounce the same as being their individual action and repudiate each and every vote for Lorimer as a party measure."

Raymond Robins, of Chicago, told of being present in the Legislature the day Lorimer was elected Senator. Robins characterized the proceedings as "the auctioning off of the senatorship, the purchaser being a man whose entire career has been devoted to graft and plunder."

Senator Albert Isley, of Norton, who during memorable balloting for Senator in the State Senate warned the members of the consequence of casting their votes for Lorimer, declared "no Democrat could vote for Lorimer without violating his instructions, betraying his party and stultifying his own conscience. I believe in placing the blame where it belongs and I even have some sympathy with Lee O'Neil Brown, who is being made the scape goat and a football by men 'higher up.'

"I don't care if my voice is heard clear down to the governor's office in Springfield, there are other kinds of bribers and the man who uses his appointive power to purchase votes is just as much a briber as the man who pays money for votes."

SEARCH FOR DR. CRIPPEN.

Scotland Yard Officials Continue Efforts to Find Murderer.

London, July 20.—Scotland Yard officials have no official confirmation tonight of the story emanating from Vernet-Les-Bains, France, to the effect that a man, whom the French police suspected of being Dr. Hawley H. Crippen, the American, who is wanted in London in connection with the disappearance of his actress wife, Belle Elmore, registered at a hotel in the French town under the name of Tarbor last Sunday and who, on the approach of a gendarme hastily fled in the direction of the Spanish frontier.

Still, while the London police, who have been searching diligently for Crippen and his stenographer, Ethel Clara Leneve, since the two disappeared from the Crippen home at Hilldrop Cresent July 9th, do not discredit the possibility that the doctor escaped into Spain they confess to being as much in the dark with regard to his whereabouts as ever.

Late this afternoon the Scotland Yard authorities are sending out thousands of descriptive pamphlets in English and French offering a reward for the apprehension of the American dentist.

WHISKEY MATTER TAKEN UP.

Conference Between Cabell and Acting Attorney General.

Washington, July 20.—Commissioner of Internal Revenue Cabell, Acting Attorney General Fowler, and counsel for the molasses interest at New Orleans, conferred today over the recent injunction against the enforcement of the latest government ruling as to "what is whiskey." The purpose is to have the ruling suspended during the pendency of the litigation and to determine just how for the Roosevelt and Taft rulings may be modified meantime. The conference was not concluded but an amicable adjustment of matters, satisfactory to the government and to the molasses and whiskey interests pending final action of the courts was assured by the progress made today.

TWO MILLION IN CHICAGO.

According to Estimates Based on the School Census.

Chicago, July 20.—The population of Chicago has passed the two million mark, according to estimates based on the 1910 school census made public today. The total minor population of the city is 814,115, an increase of 66,768 over the census of 1908.

Based on the minor count the total population is 2,100,000. Children of German parentage take the first rank, followed by Poles, Russions and Irish.

AMERICAN CONSUL A MADRIZ VICTIM

Fear Exists That Edwin Trimmer Has Been Slain at Cape Gracias.

CRUISER AND MARINES SENT

Strong Feeling Against American People in Nicaragua—Madriz Forces Threaten Revenge—Uncle Sam to Protect.

Washington, July 20.—Fear exists that Edwin W. Trimmer, United States consul at Cape Gracias, Nicaragua, may be assaulted or possibly even assassinated, wherefore it has been decided to send the cruiser Tacoma to the port to investigate and if conditions seem to demand it to land marines to protect American lives and property. This was the report made at the State Department today by Thomas P. Moffat, United States Consul at Bluefields.

Two officers and 45 men were ordered to Cape Gracias on the Tacoma, he says this action having been decided on after a conference between himself and Commander Haines of the Dubuque. The Tacoma probably has reached the seat of trouble by this time, in the opinion of officials here, although they have not yet received word to that effect. It was because of the continued abuse of the governor and other officials of the Madriz government at Cape Gracias he declares that the fear arose for the safety of the American consul there.

An article published in LaNacion, an official Madriz organ published at Managua, indicates the feeling in Nicaragua against Americans. In part it reads as follows:

"We Nicaraguans have some limited means to which we may resort as a final recourse if it comes to the point that the Yankee tries to execute his threat. Let us lay hands on all the North Americans residing in Nicaragua and let us say to Mr. Taft, 'For each shot you hurl against us, a head of one of your countrymen shall roll on the ground.'

"Another of the means to which we may resort in revenge for so great an injury; and for this I do not believe we are less able than the young Turks, let us organize in the form of a powerful coalition of active propaganda, to the end that in all the Latin-American countries no goods shall be purchased from the United States; making our people understand that this is the most efficacious method of combatting the common enemy of our race, so proud on account of its power, so insolent on account of its pride, and so detestable on account of its insolence."

CANADIAN TOWNS DESTROYED.

Wiped Out by Forest Fires Which Are Still Raging.

Winnipeg, Man., July 20.—The town Three Forks has been completely wiped out and the towns of Jaffray and Baynes Lake are reported to have been destroyed by forest fires in the Sloan district. Candon in the same district is said to be doomed.

Fires are also raging over 27 square miles in the Kootenay district.

At Kaslo the fire is traveling rapidly and back firing is being done to stop the spread.

At Moyie the fire is still causing anxiety but at present the town is safe.

The heaviest losses have been suffered by the Consolidated Mining and Smelting Company at Moyie. Refreshment booths, dancing pavilion and other buildings at Aldridge Park have been reduced to ashes.

Around Salmon Arm, a dangerous fire is blazing and the whole district is surrounded by smoke.

A serious fire is raging on Clarkson Brothers' timber limits, south of Hall and the fire is rapidly spreading toward Nelson. A large gang is fighting the blaze.

PATTEN TO SELL COTTON.

Arrives in Chicago to Dispose of His Holdings.

New York, July 20.—James A. Patten, of Chicago, arrived in New York today to close out his remaining holdings in cotton. His commitments have been greatly reduced and it is understood that he intends to liquidate the rest of his spot cotton by the end of the month.

FISH KILLS JACKSONVILLE BOY.

Stingaree Pierced His Neck Cutting the Juguler Vein.

West Palm Beach, Fla., July 20.—Death in an almost unheard of form waited for Maurence S. Baker, an 11 year old Jacksonville lad, when he dived from a boat while in Lake Worth yesterday.

A stingaree, a huge, flat bodied and gruesome species of warm water fish, was lurking just under the boat. One of the barbed spines which the fish carried on its whip-like tail pierced the boy's neck cutting in two the jugular vein. He rose to the surface crying for help and bled to death within four minutes.

TAFT INTERESTED ABOUT THE TARIFF

President Meets Chairman of Commission in Conference Today.

ENJOYING STAY IN MA E

Believes Work of Tariff Commission Will Figure in Campaign This Fall—President Devotes Some Time to Business.

Bar Harbor, Me., July 20.—Sailing from Eastport at 8 o'clock this morning President Taft and his party on board the yacht Mayflower arrived in Bar Harbor shortly before 3 o'clock this afternoon and will remain here until Saturday forenoon. Mr. Taft will devote his mornings to golf and he, Mrs. Taft and the other members of the cruising party will be entertained by a number of old friends here at luncheons, receptions and dinners. The President with Captain "Archie" Butt, his military aide, was driven to the Kebo Valley Club for a double round on its nine hole golf course.

While his engagements here are almost wholly of a social nature, the President will devote some of his time to work.

Tomorrow he will have an important conference with H. C. Emery, chairman of the new tariff commission regarding the latter's tariff inquiries abroad.

The President hopes to have the entire commission meet at Beverly later on and tomorrow's conference will be a preliminary to that gathering.

Mr. Taft is enthusiastic over the work of the commission and the idea of putting the tariff on a scientific basis for the first time in the history of the country. The commission and the probably results of its inqiries will figure prominently in the Fall campaign and the President is anxious to hear of the progress thus far made.

Vague reports have reached the President of the mystery surrounding a letter he was said to have given to Judge Reynold Kindade, of Toledo, one of the Ohio Republican leaders, who saw him at Beverly last Sunday. According to the reports the letter was an endorsement of Judge Kindade, as the Republican candidate for Governor. This report was coupled with the statement that Judge Kindade was the "second choice of the Garfield wing of the party." To those in the President's conference these two propositions were incompatible, because of Mr. Garfield's attitude toward the administration.

Mr. Taft soon made matters clear this afternoon. When Judge Kindade called at Beverly on Sunday he told the President that he was going to Oyster Bay and asked for a letter of introduction to Colonel Roosevelt. This was gladly given. The existence of a letter became known after the Ohioans interview with Colonel Roosevelt and various erroneous reports of its contents spread.

Mr. Taft is still keeping "hands off" in Ohio and there is not the slightest indication of a change in his attitude of "not mixing in the situation prior to the selection of candidates."

Senator Hale, who is to entertain Mr. Taft at Ellsworth Saturday night, arrived in Bar Harbor today and had a long talk with the President. Senator Hale is assisting in the arrangements for the Presiuent's trip to Bangor on Saturday.

A special train will be run from the Mount Desert Ferry and a number of the prominent Republicans in the State are coming here to act as a sort of Presidential-escort.

Mrs. Taft and her friends on the Mayflower came ashore later in the afternoon for a coaching trip along the shore drive. Tonight the Presidential party was entertained at dinner by Henry T. Dimock, of New York. Like the President, Mr. Dimock is a fellow of the Yale corporation.

New Orleans, July 20.—The funeral of the late Samuel L. Gilmore, who represented the second Louisiana district in Congress, and who died at Abita, La., Monday, took place here this afternoon from the church of the Immaculate Conception.

OUTLINES.

Democrats of Illinois in convention yesterday denounced the members of the party in the Legislature, who voted for William Lorimer for the United States Senate——Alexander Hollander wanted in this country for customs frauds was arrested yesterday at Naples, Italy——It is feared that Edwin W. Trimmer, United States consul at Cape Gracis, Nicaragua, has been slain by the Madriz forces——Ira W. Rawn, president of the Chicago, Indianapolis and Louisville Railroad, died from a bullet wound at his home near Chicago Yesterday. The police believe he killed himself while his family claim he was the victim of a burglar——The strike situation on the Grand Trunk Railroad was uneventful yesterday——New York markets: oMney on call easy 2 to 2 1-2 per cent., ruling rate 2 1-2, closing bid 2 1-2, offered at 2 1-2; flour firmer; wheat spot irregular, No. 2 red 1.11 1-2 elevator to arrive, No. 2 red 1.12 3-4 f. o. b.; corn spot firm, No. 2, 72 3-4 nominal elevator domestic basis to arrive; oats spot steady, mixed nominal; rosin firm; spot cotton closed quiet 15 points higher, middling uplands 16.35, middling gulf 16.35.

Judge Oren Britt Brown May Head Ohio Ticket

Cleveland, O., July 20.—Senator Theodore Burton issued a statement late today on the Gubernatorial situation in Ohio. Although refusing to commit himself he indicated that former Secretary of the Interior, James R. Garfield will not be his choice for nomination. Mr. Garfield is being boomed for Governor by the "Progressive" Republicans of northern Ohio.

Ignoring altogether the candidacy of Judge Reynolds Kinkaid, of Toledo, whose recent conferences with President Taft and Col. Roosevelt have brought his name to the fore, Senator Burton mentions three men who he says, are the most prominent candidates for the Republican nomination. They are Judge Oren Britt Brown, of Dayton; for Lieutenant Governor Warren G. Harding, of Marion, and Secretary of State Carmi A. Thompson.

Each of these candidates will have votes on the first ballot from Cuyahoga county (Cleveland), according to Senator Burton, and each of the three is "entirely satisfactory" to him. In referring to the various candidates, Senator Burton says: "Of course the candidates should be in harmony with the administration of President Taft."

HOLLANDER FINALLY CAUGHT

Alleged Custom Frauds Fugitive, Wanted in America, Arrested in Naples After Being Traced Through Foreign Lands.

Naples, July 20.—Alexander Hollander wanted by the Federal authorities at New York in connection with alleged custom house frauds, was arrested here today by an American detective named Paulin. Hollander was apprehended under the name of James Bonhome. Hollander was the head of the customs brokerage firm of Alexander Hollander & Company at 82 Wall street.

He left New York last January following the arrest of one of his clerks on charges of falsifying invoices and certificates of appraisement.

New York, July 20.—Alexander Hollander, who was arrested today in Naples, has been the object of widespread search by Federal officials for months past. He was an importing agent, and in the course of the rigid investigation by the Federal government into custom house frauds early this year he was indicted on a charge of having conspired to defraud the government out of customs duties. The alleged methods pursued by him was to prepare falsified invoices, and certificates of appraisement collecting the full duties from his customers, but paying the government tariff on the changed documents.

At one time last Spring secret service agents thought they had Hollander located in Montreal, but he slipped away from there and was next heard of in London. Since then nothing developed as to his whereabouts until the news of his arrest today and it was generally believed that he had made good his escape.

Hollander was the head of the customs brokerage firm of Alexander Hollander & Company of 82 Wall street. Two indictments are pending against him the first charging conspiracy to defraud the United States out of duties by alteration of appraisement papers for an automobile imported by Henry Clews, the Broad street banker; the second charging forgery of invoices.

With the discovery of the alleged fraud in the Clews case the government instituted an investigation which led to the discovery of similar irregularities and in the midst of the inquiry Hollander fled. Two clerks, alleged to have conspired with him were arrested. It is charged that Hollander and his associates reduced the appraisement of the automobile on which the indictment is based from $1,850 to $850 paying $425 duty instead of $925, or fifty per cent. as required by law.

Omaha, Neb., July 20.—Sam B. Dobbs, of Atlanta, was re-elected president of the Association of Advertising Clubs of America here today. Boston was chosen as the place to hold the 1911 convention.

RAILROAD STRIKE SITUATION

Was Uneventful Throughout Ontario Yesterday—Slight Outbreak in Vermont—Arbitration May be Last Resort.

Toronto, July 20.—The second day of the strike on the Grand Trunk has been uneventful throughout Ontario. Through passenger trains are running fairly on time. A few locals have been abandoned. No attempt is being made to move freight.

The freight situation in this city is indeed serious. The yards and siding are congested with cars. The ice companies are suffering and much perishable freight is being ruined.

The only important train abandoned today was the Cobalt special. The trains that did go out were manned by special men and the terminal superintendent here handled the making-up of the trains himself. There has not been a sign of disorder in this city. The men kept away from the station and freight yards and base their hope of winning the strike upon the difficulties they believe the company will encounter when an attempt is made to move freight.

On some branch lines of the Grand Trunk the towns are getting late delivery of mails.

At Stratford a shortage of coal is threatened. In some factories have been obliged to close down because of inability to secure supplies.

Boston, July 20.—One slight outbreak by strike sympathizers at Island Port, Vt., the closing of a mill at Monson, Mass., because of lack of supplies, and the resumption of the complete passenger schedules on almost every line marked the second day of the strike on the Grand Trunk and Central Vermont railway systems in New England today.

The trouble at Island Pond, Vt., which broke out late last night, and continued this morning, was the cause of some discomfiture to the railroad officials and they asked Governor H. Prouty for protection of the railroad property and their working employes. The Governor went at once to Island Pond with nearly 50 armed deputies. Investigation showed that a crowd of young people, mostly relatives or friends of the strikers, who largely compose the population of the town, had thrown coal, decayed eggs and other missiles at a trainload of strike-breakers, broken car windows and done other damage. It was also reported that switches had been spiked and packing removed. The strikers disclaimed all knowledge of the trouble and declared that they were anxious that peace be maintained. One arrest was made.

In a statement this evening Gov. Prouty said: "Conditions are not nearly as bad as I had anticipated and I do not look for any further trouble at any point in Vermont. If, however, the necessity should arise, the militia will be called upon, but I do not anticipate that such measures will be necessary."

Twenty-five strike-breakers at White River Junction, Vt., quit tonight partly out of sympathy with the strikers and partly from dissatisfaction with their work.

Montreal, July 20.—The news out of Ottawa that the minister of commerce and labor was trying to get both sides of the Grand Trunk strike together on a basis of arbitration provoked Vice President Murdock, of the strikers to a sharp retort tonight.

"Arbitration," said he, "is out of the question. As far as we are concerned there will be no arbitration. The company did not talk arbitration until they had nagged the men to a finish. Now they want it. We will have none of it."

Detroit, Mich., June 20.—Local Grand Trunk Railway officials today succeeded with the help of strike-breakers in switching several cars of coal from Milwaukee Junction to the sidings of local dealers. With this exception not a pound of freight has been moved here since the striking trainmen left their posts Monday night.

POLICE SAY RAWN KILLED HIMSELF

Family Claim Railroad President Was Shot to Death by Burglar.

CAUSE FOR SUICIDE THEORY

Recently Drawn Into Illinois Central Graft Investigation—Many Reasons Advanced by Sleuths—No Trace of Intruder.

Chicago, July 20.—Ira G. Rawn, president of the Chicago, Indianapolis and Louisville Railroad (the Monon route) died of a bullet wound at his Summer residence in Winnetka, 15 miles north of Chicago, early today.

Members of Mr. Rawn's family say he was killed by a burglar. The police are working on a theory that Mr. Rawn killed himself.

As a basis for their suicide theory, the police advance the following reasons:

They point to the fact that Mr. Rawn was operating vice president of the Illinois Central Railroad at the time fraudulent car repair contracts were put through and that recently he has been drawn into the Illinois Central graft investigation as a chief witness.

They say that the action of Mr. Rawn's relatives in refusing the aid of the Chicago detective department to search for the alleged murderer is suspicious.

They declare that there exists a lack of convincing evidence that an intruder had actually been in the Rawn residence.

Mrs. Rawn, wife of the dead man, R. G. Coburn, his son-in-law, Mrs. Coburn and two children and three maids were in the house when the tragedy occurred. Mrs. Rawn says that her husband was aroused from sleep at 1:30 o'clock in the morning by a noise on the first floor of the residence. She says Mr. Rawn picked up a revolver in his room on the second floor, started down stairs and was shot on a landing half way down. Both Mrs. Rawn and Coburn say that two shots were fired. A minute search of the front hall and adjoining rooms of the residence, however, show but one bullet having been fired from Mr. Rawn's revolver and apparently had passed through Mr. Rawn's body just below the heart.

Coroner Peter Hoffman took personal charge of the investigation into the death. He refused to say whether he thought the case was one of murder or of suicide.

PRESBYTERIAN MEETING.

Methods to Increase Subscription to Missionary Work.

Philadelphia, July 20.—Sound business methods will be adopted by the Presbyterian church in an effort to increase its annual subscription to missionary work all over the world. Antiquated ways of collecting money will be abandoned and a new regime instituted.

This decision was reached today by the executive commission of the Presbyterian Church of the United States America, in the closing session of a two day meeting. The Rev. Dr. Chas. Little, of Wabash, Ind., moderator, presided.

"Present methods of getting money for world missionary work," said Dr. William H. Roberts, of this city, after the session, "are both unsatisfactory and out of date.

"We want $250,000 more this year for world missionary work than we got in 1909, when our total subscription was $2,850,000. In other words our programme demands $3,100,000 for 1910."

Among those selected to present a business-like plan before the synods in different States were Dr. Roberts, Alabama, and Mississippi; Rev. Dr. J. P. Campbell, Baltimore, West Virginia and Kentucky.

New York, July 20.—William A. Plunkett, at one time chief operator for the Associated Press at Louisville, Ky., was stricken with heart failure at his key in a down-town broker's office today, and quickly expired. He had been an operator for 20 years.

SIXTH DISTRICT DEMOCRATS HERE

Congressional Convention Meets This Noon at Wrightsville Beach.

MORE THAN FIVE HUNDRED

Every County Represented by Large Delegations—Candidates and Managers on the Ground. Speculation Rife.

MEETING OF DELEGATES

The delegates from the several counties composing the Sixth Congressional District will meet today at 10:30 o'clock A. M., at the places designated below for the purpose of naming the various committeemen for the convention. Bladen county delegates will meet on the south centre of Lumina; Brunswick county on the south centre of Lumina; Columbus county on the east centre of Lumina; Cumberland county on the west centre of Lumina; Harnett county on the northeast corner of Lumina; New Hanover county on the southwest corner of Lumina; Robeson county on the northwest corner of Lumina.

GEO. H. BELLAMY.
Chmn. Dem. Ex. Com. Sixth District.

With the arrivals on the late trains last night and still others who are expected this morning, it is expected that when the Sixth District Congressional Convention is called to order at noon today at Lumina, Wrightsville Beach, there will be fully 500 delegates and visitors in attendance. Already every county of the seven in the district is represented by large delegations, which arrived yesterday and this morning on the late trains and indications point to the largest attendance ever scored at a similar convention in this section of the State.

A school boy in Sixth District politics needs not be told that the convention is for the nomination of a Congressman to represent the Cape Fear counties in the National House of Representatives in Washington, the position held the past two terms by Hon. Hannibal L. Godwin, of Harnett, who is a candidate for re-nomination. Contending with him for the nomination are four other strong men of the district, viz: McKinnon, of Robeson; Clark, of Bladen; Cook, of Cumberland, and McClammy, of New Hanover. Godwin is leading in the race with a conceded strength of 118 of the necessary 126 votes to nominate, while his friends and supporters claim that the convention organization will show him within four or five votes of the nomination on the first ballot. Every county in the district save Brunswick and Columbus have candidates and the political lines are well defined. It is admitted by the field against Godwin and the speculative politicians are busy with estimates of the final result of the convention, some contending that Godwin will go in on the first few ballots, while the great majority incline to the opinion that it will be a contest of endurance and days are that some other than the Harnett man will come off with the honors.

Delegates have been arriving since Tuesday but the greatest number reached the city yesterday, most of the number going down to the beach on the afternoon cars. Messrs. McClammy, Cook, McKinnon and Clark have headquarters at the new Nathan Hotel, in close proximity to Lumina, while Mr. Godwin and his delegation are at the Seashore Hotel for the most part. The delegations arriving yesterday from the several counties were large. Cumberland sent down one or two more than a hundred loyal Cook supporters; Robeson will be nearly as largely represented, 38 having arrived on the early train this morning from Lumberton; Chairman Geo. H. Bellamy, whom his friends like to call the "Duke of Brunswick," came over with 20 delegates; Bladen sends down about 50; Columbus an equal number; Harnett sixty-odd, while 42 loyal McClammy men, "first, last and all the time," will go down on a special car leaving Front and Princess streets at 10:30 o'clock. The caucus called by Chairman Bellamy, of the Congressional Executive Committee as given above, calls for a caucus of the New Hanover delegation at the same hour, but the singular unanimity which prevails among the 42 men from this city, will not require a lengthy caucus and 11 o'clock will serve the purpose just as well.

Messrs. L. B. Rogers, J. R. Kennedy and Jack Bellamy are the local committee on arrangements and they have everything in readiness at Lumina for the big convention. The two last named are in charge of the McClammy headquarters at the hotel and are extending a cordial welcome to their friends and the visitors generally. Chairman Bellamy, of the Executive Committee, who will call the convention to order, arrived yesterday and

TIMELY SWAT BY OHL IN FOURTH

That Spelled Defeat for Sailors in Last of Series at Rocky Mount Yesterday—Score Two to Nothing.

Results Yesterday.

Goldsboro 1; Wilson 4.
Wilmington 0; Rocky Mount 2.
Fayetteville 3; Raleigh 1.
2nd: Fayetteville 1; Raleigh 1.

Where They Play Today.

Raleigh at Goldsboro.
Rocky Mount at Wilmington.
Wilson at Fayetteville.

(Special Star Telegram.)

Rocky Mount, N. C., July 20.—A timely swat in the fourth by Ohl with two on gave the Railroad crew two runs and today's game from the Sailors. It was a pitchers' battle with the honors coming the way of Big Indian Thorpe who allowed three safe swats well apart and had nine strike outs.

Howard allowed three safe ones, one of which came in the pinch and lost his game. Both teams put up a perfect fielding exhibition and the game was well played throughout.

LEAGUE TO DISSOLVE.

A Disconcerting Report From Meeting Last Night.

Raleigh, N. C., July 20.—The Eastern Carolina Baseball League seems on the verge of dissolution. The Raleigh club is unable to pay its players and the league will for three days finance the club to see if another city, possibly Durham, will take it.

The league officers held a long session here tonight and the determination to aid the Raleigh club was reached, another reason being that clubs with fast players may be able to sell their men if time is given before the league goes to pieces.

SEEN FROM AFAR.

Charlotte Chronicle Has Interesting Comment on Convention.

The Charlotte Chronicle of yesterday afternoon says editorially:

What promises to be the warmest convention in North Carolina this year, notwithstanding a few warm one that have already been pulled off, will be the sixth congressional district at Wrightsville Beach, which will convene Thursday and adjourn sometime in the future. There are several strong men in the race and the opinion is pretty generally expressed that if Congressman Godwin does not land the nomination within half a dozen ballots he will have no chance. He is said to have within eight or ten of the votes necessary and he may get the plum in short order, but if he doesn't there will be something doing, to use a street expression. Hon. John Bellamy, of Wilmington, is prominently mentioned as a dark horse and his chances after the first few ballots are about as good as anyone's that is, of course, if he would accept.

Montreal, July 20.—Traffic on the Grand Trunk is somewhat demoralized as a result of the strike of conductors and trainmen. President Charles M. Hays is bending every effort to settle the differences with the men. It has been reported that President Hays was due to be given a title by the government for his conduct of the road's business in the past. The strike may somewhat delay the adding of sir to his name. While an American, Mr. Hays has won the confidence of the English and Canadian directors of the Grand Trun system.

DOUBLEHEADER AT RALEIGH

Kilties Won First and Second Was Tied in Seventh Inning—Attendance Increased on Suspicion of Being Last.

(Special Star Telegram.)

Raleigh, N. C., July 20.—Fayetteville won the first game of the doubleheader from the Red Birds here today 3 to 1, and the second was broken even, 1 to 1, in the seventh inning when the Highlanders were obliged to "beat it" for the train. The scores were close enough to be interesting, contrasting in this way with the previous games of this Raleigh series. The crowd was twice as large as has turned out before this week, owing possibly to a suspicion that this might be the last game of the season.

ASSAULTS RESULT IN MURDER.

Baltimore County Farmer Took Law in Own Hands—Surrenders.

Baltimore, July 20.—Taking the law into his own hands because of criminal assaults upon two of his family within three days, Charles Smith this morning shot and killed Eugene L. Lathe. He then walked to the Mount Wynans police station nearby and told his story. The killing followed closely an attempt to assault Mrs. Smith within a short distance of her home near Clifford station, Baltimore county. Last Sunday Dora, the 14-year-old daughter of the Smiths, was the victim of a similar attempt about half a mile from her home, her cries bringing her father to her rescue. Charged with this crime, William Kennedy is now in jail at Towson.

The girl, who had not been seriously hurt, this morning asked her mother if she might go to a nearby thicket for black berries. With Sunday's crime in mind Mrs. Smith cautioned her not to go out of sight. She did wander from view however, and the mother went in search of her. As Mrs. Smith entered the thicket a man seized her, attempting to drag her into an adjacent woods. She fought him off successfully and returned home. In pointing out the scene of the affair, Mrs. Smith saw Lathe lingering there and told her husband. Smith, arming himself with a shot gun, approached Lathe who ran. Smith fired and Lathe fell. Physicians say his heart and lungs were peppered with shot and that he could not have lived more than 10 minutes.

WILL SELL RAILROAD.

Chattanooga Southern Will be Offered at Public Auction.

New York, July 20.—A decree has been entered in the Supreme Court directing the sale at public auction on August 1st, of the entire capital stock of the Chattanooga Southern Railway Company, consisting of $2,500,000 common and $750,000 preferred, to satisfy adjudicated claims aggregating more than $2,000,000. Newman Erb, Henry M. DeForest and their associates, have acquired a majority of these claims and are likely to become purchasers of the stock at the sale.

The company was placed in the hands of W. U. Kent and E. C. Osborn as receivers on April 23, 1907, on the application of the Pacific Construction Company. The total road operated is 99.5 miles.

WOMAN TO FLY CHANNEL.

Mme. Franck Will Attempt Flight in Aero to Dover.

Reims, France, July 20.—Mme. Franck, an aeroplanist, left here today for Calais whence she will endeavor to fly across the English Channel to Dover.

CHAMPIONS WIN FROM GIANTS

Webb and Foreman Opposing Slab Artists Yesterday—Score Four to One—Sheridan's Two-bagger Started Trouble.

(Special Star Telegram.)

Wilson, N. C., July 20.—Webb was in the box for the Giants this afternoon and Foreman for the Champions. The former yielded eight hits, the latter six. In Wilson's second the scoregetting was started on Sheridan's two-bagger, and on error of short, and Armstrong's single, Sheridan and C. McGehan crossed the plate.

In Wilson's seventh and eighth innings two more scored. The only run made by the visitors was in the seventh. Westlake was the big boy cutting off three men at home, and catching flys as sprightly as a kid.

LEAGUE DIRECTORS.

(Special Star Telegram.)

Raleigh, N. C., July 20.—After threshing over the situation from 8 o'clock until past midnight the directors of the Eastern Carolina Baseball League in session here voted to accept the Raleigh franchise from the present management and continue the six team league until Raleigh either forms a new substantial management or some other town arranges to take the franchise.

Under this arrangement the Raleigh team goes tomorrow to Goldsboro to play the regular schedule until Saturday.

In the meeting Wilmington was represented by J. Ed Smith; Goldsboro by George Dewey; Wilson by J. C. Eagles; Rocky Mount by L. C. Levy; Fayetteville by Capt. Napier. The present management of the Raleigh team reported $1,200 back salaries due the men and that Raleigh must raise this if a new management would take over the team. The only other town known as a possible bidder for the Raleigh place is Durham.

YALE STUDENT WINNER.

Takes Honors in Eastern Handicap Target Tournament.

Philadelphia, July 20.—George E. Dimmock, Jr., of Elizabeth, N. J., a Yale student and a member of the Yale Gun Club won the preliminary handicap today in the Eastern handicap target tournament at Edge Hill, defeating the best gunners from all sections of the country.

Shooting from a 16-yard rise Dimmock succeeded in breaking 97 out of his 100 targets. His nearest competitor among the amateurs were J. H. Vanderver, of Brooklyn, and J. R. Graham, of Ingleside, Ill., who broke 96 each. Vandiver shot from an 18-yard rise and Graham stood at the 22-yard mark.

Walter Huff, of Macon, Ga., C. A. Young, of Springfield, Ohio, and A. E. Sibley, of Brooklyn, were the only professionals to equal the Yale man's record of 97. J. . Skelly, of Wilmington, Del., broke 96. Walter Huff was high man for the day, breaking 93 in the morning and 97 in the afternoon event.

BOTH CLAIMING VICTORY.

North Carolina and Georgia Soldiers in Fight at Chickamauga.

Chattanooga, Tenn., July 20.—The second period of the army maneuvres at Chickamahga Park ended today with a fierce fight for the possession of Snodgrass Hill. The Red army under the command of Col. J. G. Gardner, of the first North Carolina, and the Brown army under the command of Col. Walter Harris, of the second Georgia, did the fighting. The Browns occupied a strong entrenched position upon Snodgrass Hill. The Reds advancing at day light from the southeast portion of the Park attempted to take the position by straight assault. Umpires stopped the fighting before either side won and gave out no decision as to the result. Both sides claim the victory.

AMERICAN LEAGUE.

Philadelphia, July 20.—Philadelphia won its third straight game from Chicago today 2 to 0. Coombs kept Chicago's hits scattered while both of the home team's runs were due to bases on balls. In the second inning Scott gave three bases on balls in succession and Young, who succeeded him, forced in a runner with another base on balls.

Chicago ..... 000 000 000—0 6 1
Philadelphia ..... 010 100 00*—2 7 0

Scott, Young, Smith and Sullivan; Coombs and Lapp. Time 1:34. Umpires O'Loughlin and Egan.

Washington, July 20.—Washington worked three pitchers and Cleveland two today, Johnson coming to the locals' relief after Groom and Mayer easy and landed the game 8 to 4. Mitchell was wild and worked only one inning while five hits were bunched on Koester in the fifth inning. A one-haded catch by Mila of Graney's line fly in that inning was the feature. The score:

Washington ..... 101 050 01*—8 9 1
Cleveland ..... 010 021 000—4 9 2

Groom, Meyer, Johnson and Beckendorf; Mitchell, Koester and Bemis. Time 1:45. Umpire Perrine.

Boston, July 20.—Detroit broke Boston's winning streak today by defeating the locals in a hard fought eleven innipg game 3 to 2. Errors by Speaker and Stahl were followed each time by runs for Detroit.

Detroit ..... 100 000 010 01—3 14 1
Boston ..... 000 200 000 00—2 10 1

Willets and Stanage; Collins and Carrigan. Time 2:25. Umpires Connolly and Kerin.

New York, July 2.—The timely hitting of LaPorte enabled New York to defeat St. Louis 2 to 1 in a game that lasted ten innings. He knocked a home run in the fourth and in the tenth scored Wolter from second with a long single. The score:

St. Louis ..... 000 010 000 0—1 11 1
New York ..... 000 100 000 1—2 8 2

Pelty and Stephens; Quinn and Mitchell. Time 2:10. Umpires Dineen and Evans.

FIRE AT ROCKY MOUNT.

Baseball Players Proved Good Volunteer Firemen—Capt. Mills.

(Special Star Correspondence.)

Rocky Mount, N. C., July 20.—From the fourth ward last night shortly before 1 o'clock an alarm of fire came in from the residence of Mayor T. T. Thorne, on South Church street. The Mayor and his family are away at the beach and the house was unoccupied. Neighbors who happened to be up that hour noted smoke coming from the kitchen and an investigation developed that the kitchen was well on fire, it having apparently started from a wood box near the stove. Persons attracted by the screams of "fire" quickly formed a bucket brigade and with the use of the water from the water works in the kitchen the fire was quickly extinguished.

The fire department responded promptly but the laying of a line of hose and the turning on of water was not necessary. The fire, it is thought, started from some trash in the wook box, which evidently had along with it some matches. Members of both the Wilmington and Rocky Mount baseball teams rendered valiant service with the bucket brigade, and it was Capt. Mills, of the Wilmington club, that made the entrance to the kitchen and directed the efforts of the bucket brigade. The volunteer firemen were made up almost entirely of basball players from the two teams, there being only one or two persons on the scene who were not knights of the diamond.

DANVILLE CATCHER HURT.

Fractured Tibula Bone in Right Leg Sliding to First.

Danville, Va., July 20.—Catcher Joe Laughlin, of the Danville, Va., league team today fractured the tibula bone in his right leg just above the ankle joint while sliding into first base after eluding several fielders in a run-out play. He will be out of the game for three weeks or more.

HARD TO CONVICT "TIGERS"

Raleigh Experiencing Common Difficulty—Hookworm Bulletin Issued. Several Charters—Negro Youths Convicted.

(Special Star Correspondence.)

Raleigh, N. C., July 20.—It was necessary to withdraw a juror and order an entry of mistrial in the case of William Buffaloe, a negro farmer, on trial the past two days in Wake Superior court as a "blind tiger", the prosecuting witness being a negro "detective" to whom money was given by a policeman to tempt Buffaloe to let him have the whiskey.

There has been much criticism of this method of seeking out tigers on the part of the police, but Judge Cooke, in his charge to the jury insisted that it was a perfectly legitimate means of driving out these "pests to society." Wake county juries have a record for giving the accused the fullest benefit of the "doubts" in any cases in which violations of the prohibition law are at issue. In the case of Buffaloe thirty bottles of whiskey were found in the house at the time the place was raided to arrest him for selling to the "detective."

Chief Clerk J. A. Barwick, of the State Department of Education, was on the train last evening when, near Wilson, the Norfolk & Southern passenger train bound for Raleigh ran over and severed in twain the body of George Corbett, who appeared to have been "dead drunk" on the track. He says it was a long stretch of straight track but that the engineer did not see the body until he was on it.

Three negro youths who rocked the Durham excursion train here June 29th to get even with boys on the train who had quarreled with them, have been given, respectively two years, 18 months and 12 months.

"Hookworm, Disease," by Jno. A. Ferrell, M. D., assistant secretary North Carolina Board of Health, for the eradication of Hookworm Disease, is the title of a booklet just issued by the North Carolina Board of Health. It is to be given circulation in every section of the State, with special effort to get a copy in every rural home in the State. The booklet gives the history and the geographical distribution of the hookworm and a detailed presentation of the nature and characteristics of the pest and its attacks on the human system. The treatment for eradication and the sanitary precautions necessary for prevention of the disease are also given in a remarkably clear and effective manner. It is profusely illustrated.

Charters were issued today for The Elliott Knitting Mills (Inc.) of Hickory, capital $25,000, by J. D. Elliott, H. J. Holbrook and others; The Union Iron Works, Durham, capital $25,000 by Jas. W. Yeargan, Joseph Allen and others; The Pepsi-Cola Bottling Works, Rocky Mount, capital $1,000 by J. D. Farrier, E. P. Rawlings and others; The Bailey Bank Co., of Bailey, Nash county, capital $50,000, by C. F. Bassett and others.

MORE WHEAT RAISED.

Two Flour Mills in Nash—Canning Factory—Other Improvements.

(Special Star Correspondence.)

Nashville, N. C., July 20.—More wheat than usual has been raised in Nash county this past season, and the crop has been good. There is not a finer cotton, corn, or peanut county in the State, and every year just a little more wheat is grown. This year there are 57 boys growing corn for prizes, and a number of the farmers have pet corn fields. Folks are beginning to grow what they need at home. To care for the wheat crop and grind it into flour are two up-to-date roller flour mills. One is at the site of the old Webb mill, on Tar river, and the other is at Nashville. The first is run by Mr. J. L. Barbee, and is located near Spring Hope. The one at Nashville is owned and operated by Mr. N. C. Warren. Both began operation this year. Plans are being made to convert the old Roddie mill, which is located some six miles from Nashville, into a roller mill. This is one of the oldest mills in the county, and has always had a large patronage, but the increased wheat acreage has caused the owners to plan building a roller mill. People in some parts of North Carolina are frequently surprised to learn that there is water power in Eastern North Carolina, and yet a number of mills in Nash county are run by water. Both the Barbee and Boddie mills are run by water.

Among the new enterprises for Nash county is a canning factory located at Nashville. The factory will begin operation this week. There is a paid in capital of $5,000, and the factory is prepared to take care of hundreds of bushels of tomatoes, potatoes, and other things. There are numbers and numbers of acres of tomatoes growing near Nashville and elsewhere in the county this year, and this county was evidently the original home of the potato, it will be remembered that Mr. Ed. Dillard, of Spring Hope, was last year given the title of "Potato King," and there are other farmers in the county who raise potatoes in abundance. The canning factory is a new industry for the county, but it seems destined to be a successful one. Nashville's most prosperous business men are behind the enterprie.

The Republican County Convention will meet here in August. Until then politics will be discussed by only those who are candidates. There have been a number of rumors in regard to who would make up the Republican ticket, but there seems to be no definite information obtainable. The Republicans are making some large claims, but the Democrats seem satisfied with the outlook.

Ground has been broken for a splendid new brick building in Nashville. The building will contain a store room, and an up-to-date barber shop. Work will be pushed to a rapid completion.

WEDDED AT McCULLER'S.

Miss Claudia McCullers Bride of Mr. N. L. Simmons, of Washington.

(Special Star Correspondence.)

Washington, N. C., July 20.—The First Baptist church, of McCullers, N. C., was the scene yesterday afternoon of one of the most beautiful and impressive wedding ceremonies ever witnessed in that sacred edifice, when Miss Claudia Beatrice McCullers became the bride of Mr. Norwood Lee Simmons, of Washington, N. C. The church was filled to overflowing with friends, relatives and acquaintances, all eager to witness the joining of two young lives. The church was beautifully decorated and presented a very pretty and pleasing effect. Musical selections were rendered by Miss Ebie Roberts, of Raleigh, who presided at the organ, and Mrs. John Park, vocal soloist, who delightfully sang "All for You" by Guy D'Hardelot, and "Could I But Tell," by Edwards, previous to the entrance of the bridal party. Promptly at 7 o'clock the organ gave forth the strains of Lohengrin's wedding march and the bridal party entered as follows: First the ribbon girls, little Misses Elizabeth Simmons and Evelyn McCullers, sisters of the bride and groom, wearing dainty creations of white, who formed a chain of ribbons leading up to the altar. Then came eight girl friends, Misses Ruth Pilson and Rebecca Simmons, Helen Forbes and Carrie Simmons, Annie Payne and Katie Lee Banks, Claude Caldwell and Mrs. Nat. Townsend, gowned in white lingerie, with tulle bandeaux and carrying bouquets of Queen Anne lace and maiden hair ferns, together they passed up the aisle and formed a circle around the altar. The ushers, Messrs. R. S. Neal, Christopher R. Bright, W. L. Vaughn and Dr. A. C. Hoyt, attired in full dress with boutonnieres of lilies of the vlley, next entered. Little Miss Kathaleen Hobly, flower girl, and Master Burke Hobly, ring bearer, niece and nephew of the bride, followed the ushers. The groom with his best man, Mr. J. F. Tayloe, of Washington, entered from the pastor's study and met the bride as she entered with her maid of honor and sister, Miss Alice McCullers. Together they stood before the altar while Rev. W. McC. White, of the First Presbyterian church at Raleigh, using the ring ceremony, spoke the solemn words making them man and wife. The bride was exquisitely gowned in Duchess satin en train, trimmed in real lace and pearls, and elaborately hand embroidered. She also wore a string of pearls, the gift of the groom, and her bridal veil of white chiffon was caught with orange blossoms, held in place by a pearl crescent, also a gift of the groom. She carried a shower bouquet of bride's roses and lilies of the valley. The maid of honor wore a gown of light blue hand embroidered satin, trimmed in tiny pink rosebuds and carried pink bridesmaids roses.

Immediately after the ceremony and to the inspiring strains of Mendelssohn's wedding march and the merry peal of wedding bells, the bridal party quickly passed out of the church and taking carriages drove to the home of the bride where a reception was tendered them after which dainty refreshments were served. A large number of frinds called to extend congratulations and best wishes. The bride is daughter of Dr. and Mrs. Joseph J. L. McCullers, possessing many sweet and amiable traits of character and has hosts of friends all over the State. The groom is a son of the late E. S. Simmons, of Washington, a prominent member of the local bar, and a rising young attorney, already enjoying a large practice in his chosen profession. The happy couple were the recipients of a large array of handsome and costly presents. The bride and groom and bridal party left on the evening train, the bridal party accompanying them as far as Raleigh, where they left for a wedding tour of Western Carolina, after which they will be at home in Washington, N. C.

DIED OF PELLAGRA.

Young Woman Passes Away in Beaufort County, N. C.

(Special Star Correspondence.)

Washington, N. C., July 20.—News reached this city yesterday of the death of Mrs. J. Walter Alligood, at the home of her sister, Mrs. Winstead, at Winsteadville, this county. The deceased was about 26 years of age and for the past four years of her life she had been a great sufferer from pellagra. The deceased was a woman possessing many sweet and amiable traits and had large numbers of friends throughout the county. She was a sister of Policeman W. R. Pedrick, of this city. The remains were taken to Bunyan yesterday for burial in the family burying ground.

The messages from the merchants are always interesting—and usually affect the "state of your purse."

NATURE'S WARNING

Wilmington People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously.
But nature always warns you.
Notice the kidney secretion.
See if the color is unhealthy—
If there are settlings and sediment,
Passages frequent, scanty, painful.
It's time then to use Doan's Kidney Pills.
To ward off Bright's disease or diabetes.

Doan's have done great work in Wilmington.

William L. Benson, 618 S. Second St., Wilmington, N. C., says: "Doan's Kidney Pills, procured from Robert R. Bellamy's Drug Store, did me more good than any other remedy I ever used. My back ached all the time and I could not stoop or lift without sharp pains through my body. Mornings my back was so lame and sore that it was hard for me to get out of bed. The kidney secretions were highly colored and contained sediment. Doan's Kidney Pills stopped the pains in my back and regulated the passages of the kidney secretions. I have such great confidence in this remedy that I advise its use to anyone suffering from kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

WITNESSES, NOT JURORS.

Reason for Postponing Court—Evergreen Church—Store Entered.

(Special Star Correspondence.)

Whiteville, N. C., July 20.—In giving the reason for postponing court until next Monday, it should have been no witnesses were present, instead of jurors, Sheriff Richardson never neglects his duties. But the private opinion in our county is that the lawyers wanted to attend the Congressional Convention at Wrightsville Beach, and did not want court to interfere with their political duties.

Evergreen, one of the livest little towns in our county, has awarded the contract to build a new Methodist church, to cost between $3,000 and $4,000. Work will start this week and its completion hastened.

Reports reach us from the country that the wind and rain did serious injury to fruit trees, which are laden, and many were blown down or broken off.

On Tuesday night the Vineland Dry Goods Co., was entered by means of a rear window and robbed of a large amount of men's wearing apparel. Robt. Powell, colored, was suspected and arrested. He implicated two other negro loafers, but only one has been arrested. The goods were found in Powell's trunk where he directed the officers to get them.

It is said that almost the entire male population of Whiteville will attend the Congressional convention at Wrightsville Beach.

Miss Inez Wooten, the attractive little daughter of Superintendent of Education Wooten, who has been ill with typhoid fever, is rapidly improving, and hopes soon to be able to be up.

Senator Overman to Take in Mexico.

(Charlotte News.)

Senator Overman has received his commission from President Taft as envoy extraordinary and minister plenipotentiary as a representative of the United States government to Mexico upon the occasion of the latter country's celebration of the hundredth anniversary of its existence as a Republic, says the Salisbury Post. The ceremonies will be in progress from the 7th to the 21st of September and Senator Overman will leave for Mexico City with the five other representatives of this government early in the month.

No Heat Except Where Needed

Dishes hot—food well cooked—kitchen cool. No underdone food—no overheated kitchen in summer. Everything hot when wanted. Heat under perfect control and concentrated.

The blue flame is all heat—no smoke—no odor—no dirt. These are some of the advantages in using the

New Perfection
WICK BLUE FLAME
Oil Cook-stove

It has a Cabinet Top with shelf for keeping plates and food hot. Drop shelves for the coffee pot or saucepans, and nickeled towel racks.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove very attractive and invites cleanliness. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

CAUTIONARY NOTE: Be sure you get this stove—see that the name-plate reads "NEW PERFECTION."

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

Standard Oil Company
(Incorporated)

DAVID'S

Here's Your Chance

You are probably willing to spend your money when you see an opportunity to get a good deal of extra value for it. This is your chance.

We shall clean up quite a few (about fifty)

Hart Schaffner & Marx

summer weight suits at the following prices:

Suits that were sold at $25.00 Now $18.00
Suits that were sold at $22.50 Now $16.50
Suits that were sold at $20.00 Now $15.00

These suits are on display inour show windows now.

If you get one of these Hart Schaffner & Marx suits, you'll get more real clothes value for the money than you ever had before in your life. If you never had these superior clothes this will be a good time to find out how much better they are.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY (Inc.)
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.25 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Thursday, July 21, 1910.

A certain Ex-President who talks for the right will soon be campaigning for the wrong.

Every now and then some jingostic seer attempts to scare the American elephant with the Japanese mouse.

The delegates to the Democratic Congressional convention at Wrightsville Beach today no doubt will get a surfeit of politics but they can cool off in the surf itself.

Probably there is not a word of truth in the report that Col. Roosevelt is disgusted and will retire from politics. We fear that politics will go right on being up against it.

It is said that even the muscilage on the back of a postage stamp contains microbes. Then the man who is able to lick a stamp today may not be able to "come back" tomorrow.

The nomination of a college professor for office may have no earthly significance whatsoever, one way or another. The fact is that a professor in politics will be in a position to teach old dogs new tricks.

Col. Bryan is on the "local option" side of the question in Nebraska. It is hardly necessary to indulge a conjecture as to which side the lamented Jonah of Biblical repute would be on if he could only "come back."

Secretary Ballinger up to now has made no pilgrimage to Oyster Bay. Quite likely he knows how absolutely inappropriate it would be for the "snake" killer and the "snake" charmer to try to get together on the "snake" proposition.

The mote in the other fellow's eye gets bigger and bigger the harder he tries to get an office or is preversely disposed to hold on to a position that he wants to marry. Verily, he gets more swats than any innocent bystander ever accumulated.

The New Jersey Democrats are now seriously talking of offering Prof. Woodrow Wilson, of Princeton College, for the Democratic nomination for President. It will not be known what Dr. Wilson's weak points are till Col. Bryan looks him over and exposes his impossibilities.

The announcement has been made for the Hon. Theodore Roosevelt that he declines to take a hand in or give advice concerning the politics of any State while Republican factions are attempting to settle their differences. The Colonel, while away from home, permitted Great Britain to draw upon his marvelous store of advice, but at home, in the midst of waring factions, he displays the wonderful wisdom of a man who knows enough not to pick up a hot potato if he knows himself.

The Charlotte Observer yesterday published a communication from Col. N. A. McLean, of Lumberton, the caption of the same being "A Reformed Sadducee at the State Democratic Convention." The Colonel is a gifted phrase artist and he writes a story that bubbles over with humor in the midst of a serious proposition. He writes of several things that he ran up against at the State Convention and among other things is the platform which he says "very evidently was manufactured on the spot 'while you wait.'" Nevertheless, he swallowed the platform on account of what it tried to say and not on account of its absence of pondrous deliverance, its freedom of consecutiveness and its unpretentuousness as to grammar and rhetoric. However, out of respect to the amateurs who produced the platform, it can be said that they frequently hit the nail on the head while putting in the disjointed planks.

OCCUPATIONALLY BORN.

A good deal is now being said about occupational education and training. We think most everybody is ready to commit himself to that proposition, but it is not everybody who is educated and trained for a special position, occupation, and specific kind of work that will fill the bill in every particular. Nevertheless, a man cannot be a first class electrician unless he goes through a certain amount of education and training, and while one may be a fair electrician by apprenticeship it must be admitted that he would be a ten times better one if he is educated and trained for that special kind of work.

We thoroughly believe in technological and occupational education but a student should possess the talent or general ability that is capable of development and application. In every respect the man ought to fit his job and it often occurs that it really appears that some men are born to do a certain kind of work, even without any special education or training in that connection. One of these kind of men is Mr. J. P. Cook, of Concord, N. C., who is chairman of the board of directors of the Stonewall Jackson Training School, a new State Institution which is under his direct management. Mr. Cook certainly makes a snug fit for his job and he is on the job beyond the peradventure of a doubt.

The Stonewall Jackson Training School, located at Concord, is an institution established by the State for the uplift, training and education of wayward, refractory, and evilly inclined boys. It is a noble benefaction expressive of the humane and moral sense of the great people of the Grand Old State of North Carolina, and it is doing and is destined to do an uplift work of the most tremendus and far reaching importance. Its influences are for good, its work is to enlighten, and its aim is to make good men out of bad boys and give them a practical training that will make their lives brighter, that will enable them to lead practical and useful lives, and finally to contribute a worthy citizenship to North Carolina.

In brief, that is the kind of work in which Mr. Cook is engaged as the head of the Stonewall Jackson Training School, named in honor of a great military genius, Christian soldier and ideal man whose noble life, superb character and lofty example should prove an exceptionable inspiration to the boys who are in some respects unfortunate but who become fortunate when they come in contact with a man like Mr. Cook. No institution ever had a superintendent better qualified in numerous ways. He is a live man, his soul is full of humaneness, he is a man of education and refinement, he possesses peculiar administrative ability, and his initiative, activity and enthusiasm in his work eminently qualify him for the management of an institution with the high aim of the reformatory of which he is the directing force.

Mr. Cook is all and more than we have said he is. Besides, he is a former newspaper editor and proprietor, and in addition to the farming, mechanical and educational features of the institution, he has established there a magazine known as "The Uplift." It is a monthly publication and all the work, the typesetting, press work, binding and mailing is done by boys in the institution, some of the type setters having been taught their letters since they entered the institution only two or three years ago. This shows that under a master directing hand their progress and development is rapid, and certainly it is extremely gratifying. "The Uplift" is by no means an ordinary publication. It is not only neat, but the character of its contents makes it a readable and valuable visitor to the homes throughout North Carolina. It is able to stand on its merits, and the editorial work and the fine business management of the publication make a profit for the institution. Mr. Cook has every reason to feel proud of The Uplift and he will be prouder still when he erects a building from the profits produced by the magazine. The building is now being erected and it is to be known as "The Educational Building," to be named as the educators of the State decide, but they wouldn't go very far wron gif they name that building "The Cook Building."

The people of North Carolina owe a debt of gratitude to Mr. Cook and he is entitled to their earnest encouragement and practical support. The institution is making marked progress under his management, and the Star is specially gratified that the institution and its work have been so signally recognized by the committee of the North Carolina Press Association, appointed at its meeting at Wrightsville Beach in June, for the purpose of setting on foot a movement to erect a memorial in memory of that great humorist, "Bill Nye," inimitable wit, cleverest of jokers, and producer of a high quality of humorous literature.

The Bill Nye memorial is to be an administration building to be erected by decision of the committee as a unit of the group of buildings constituting the Stonewall Jackson Training School. It is not only a worthy and deserved tribute to an American genius, but it was a happy idea on the part of the newspaper men who so judiciously located it and so thoughtfully designed that it shall not only perpetuate the memory of the humorist but shall be in its militant usefulness a more continuing memorial than that of a shaft less capable of perpetuating remembrance of a gifted genius whom all North Carolinians admired and love to honor. Bill Nye was not a native of the State but he made it his home for years, he ended his days under the shadow of its mountains, and that State of which the author grew to be so fond furnishes him repose within a North Carolina grave. In the sleep that knows no earthly waking Bill Nye rests upon the bosom of the Old North State and she should and doubtless will honor the memory of her adopted son with a memorial tribute worthy of his renown.

COUNTING ON DIPLOMACY.

The jingoes have again been predicting the inevitability of war between the United States and Japan. Count Komura, while toasting Secretary Dickinson who recently visited Japan, ascribed the agitation to "evil forces, who for some unknown but sinister purposes, constantly are endeavoring by false reports or other methods to create ill-will or distrust between two neighboring people."

In the course of his toast, the Japanese statesman remarked that the relations between the United States and Japan "are so firmly established and their interests too distinct to admit of the possibility of any question arising which will not yield readily to the ordinary process of diplomacy."

It would be reasonable to suppose that diplomacy would settle all disputes between nations and even men. Often, however, pride or obstinacy in men will prevent them from being reasonable and fair, and as to nations it is men known as statesmen who get together to attempt to settle the difficulties of nations. If diplomacy were always guilded by wisdom and justice, the solution might be a peaceable and honorable one, but it often has been the case that statesmen, prefering to enlarge their reputations and gratify some ambition, have made it impossible for diplomacy to be effective. As men settle the difficulties of nations as well as their own, diplomacy that brings peace and honor depends upon the wisdom of the men who essay the role of diplomats. No nation is safe in the hands of men who are not guided solely by justness and honor and who are not willing to compromise differences in the right spirit. Therefore, the successful issue of diplomacy depends upon the character and wisdom of the diplomats.

Bloody wars have gone into history when it appeared that diplomacy could easily have settled every point of controversy and contention. The American Civil War was one of them, and often we have wondered why statesmanship and diplomacy could not have staid a strife which logically was capable of a peaceable solution. However, popular temper and unreason have to be reckoned with at all times, and history demonstrates that an inflamed popular mind is a tremendous weight in the balance against diplomacy. Peoples and nations sometime appear to go crazy. Nations do wrong like individuals because Governments are conducted by erring man, but if nations will be guided by the square deal principle, diplomacy can do the rest.

We see no possible reason why there should ever be a war between the United States and Japan, unless the one commits a wrong against the other, and there is no earthly reason why any nation should do wrong with such statesmen as Count Komura to do its thinking.

The famous remark of the Governor of North Carolina to the Governor of South Carolina concerned a mere matter of "moonshine."

Says the Washington Star: "Of course, you know the story of William Tell?" Do you mean the story which Mrs. Tell made William Tell?

The insurgents would pay more than a dollar a word if somebody at Oyster Bay would abandon his perch "on the fence" and do some talking on their side of it.

CURRENT COMMENT.

That was a solar plexus blow the Oklahoma court gave that oil company when, after imposing a fine of seventy-five thousand dollars, it issued an order that the defendant should not put up the price of oil in order to recoup the fine out of its customers.—Charlotte News.

Republican alarm at the size of census returns from the South might as well make food of its fears. Plans to vary the method of Congressional distribution to meet conditions of Southern growth are premature in view of the fact that all indications point to a Democratic majority of the next House.—Richmond Virginian.

Commenting on the boast of Durham county Republicans that they will defeat Gen. Julian S. Carr, Democratic nominee for the Legislature, the Wilmington Star well says they could boast of some respectability were they to join the Democrats in sending General Carr to the Legislature as a matter of county pride. But it is office and the emoluments thereof, not respectability Republicans generally seek after.—Charlotte News.

It is no news to the average citizen to tell him that this is an era of advertising; a day when the individual, his business, his city and his State are given all the publicity that available funds can pay for. The advertising campaign for cities and towns is of comparatively recent growth, and the great corporations of the country are keeping pace. Now several States have taken an advanced step in the way of letting the country and the world know of their particular advantages, and our esteemed contemporary, The Wilmington Star, believes that the time is ripe for the proper advertising of the Old North State.—Asheville Citizen.

Cotton picking machines come, and cotton picking machines go, but by and by a cotton picking machine is going to come to stay. This is the latest from Washington about a picker that has been built in Chicago and for which patents have been granted. The inventor is Elliott Crawford. One and one-half inches in diameter the basic patent granted covers forty different claims. The machine has been tested for two years in the cotton fields, and with it one man and a team of mules will do the work of forty hand pickers. Only the ripe cotton is picked, and this is done without injury to the green cotton or the flowers. The successful cotton picker has at last arrived and will enable the planters to greatly increase the present acreage under cultivation. The principle of the machine is a double row of bristle brushes about one and one-half inches in diameter and fourteen inches long, spinning rapidly in such a manner that the revolving brushes are introduced into the plants close to the ground and drawn up in a vertical line through the plants, the brushes penetrating the bushes from both sides of the row. The ripe cotton adheres to the brushes while the rest of the plant is not in any way affected, the brushes traveling to a receptacle where they are stripped of the cotton and the operation is repeated. It has been thoroughly tested and demonstrated that it will do the work at a quarter of the cost of hand labor, which means a saving of $150,000,000 a year to the cotton growers. The invention which has been purchased by the National Cotton Harvester Company, of Chicago, means much to the growth and expansion of the cotton industry, and it will undoubtedly add immensely to the annual wealth of all the cotton growing States.—Charlotte Chronicle.

Eastern North Carolina is beginning to command something of the attention which its proven potentialities are due. "The logic of the situation here," observes the Wilmington Star, in this condition, "is an incomparable climate and a region of vast productiveness while the nearness of the region to a great consuming population in the North is an assurance that land values in eastern North Carolina are not only permanent but inevitably will increase as the possibilities of this part of the country become known and undergo the development of which it is capable." Within 24 hours of the great Northern markets by refrigerator trains eastern North Carolina enjoys over the truckers of Florida, Texas and other more southerly sections an advantage for which their earlier season does not by any means compensate. At the same time the comparative earliness of its season operates as a decided advantage over coast truckers farther north, whose proximity to market since the eastern North Carolina trucker is near enough, constitutes no sufficient offset. * * * The gulf stream from the south comes very near Wilmington, while the cold arctic current which washes our Atlantic coast and is largely responsible for its greater coldness as compared with corresponding latitudes across the ocean or on our own Pacific coast undergoes wide deflection by the jutting triangle apexed at Cape Hatteras. Probably the sounds and sandbanks which have been often execrated for their effect upon navigability make some return by rendering this section especially suitable for the truckers' purposes. At any rate, climate here is mild out of relation to its latitude as compared with other coast neighborhoods. The ocean, a tempering influence even when chilled by cold currents, is more than ordinarily kind. Southeastern North Carolina, in particular, can compare with neighborhoods considerably farther south. And, as The Star says, excellent trucking land is abundant. A section which thought its principal source of wealth gone when the pine forests had been cut away has discovered a new source not liable to exhaustion. Land once considered so worthless that a man's poverty was said to increase with the amount he owned is making men rich. Native people are learning the use of their opportunity and settlers are coming in. We felicitate eastern North Carolina. It has struck the full trend of that varied but everywhere substantial progress which pervades the State.—Charlotte Observer.

INDIANS IN FIGHT.

One Killed and Another Fatally Hurt —Dr. Winston Arrested.

(Special Star Telegram.)

Asheville, N. C., July 20.—As the result of a deadly conflict among Indians of the Cherokee reservation in Swain county last night, in which "fire water" figured conspicuously, Oberlander Lee was instantly killed and a son of Will Hornbuckle seriously injured. It is said that Sam Lee, a brother of the deceased, believing that Hornbuckle fired the fatal shot, picked up a rock and nearly killed Hornbuckle. Lee and Hornbuckle are under arrest.

Dr. George T. Winston, ex-president of the A. & M. College, was arrested today on a warrant sworn out by Stanley Howland, a cousin of Hetty Green and largely interested in the Asheville and East Tennessee Railway Company, upon the charge of allowing chickens to trespass upon the Howland property. It is said that the real reason of the arrest is that crowing of the chickens annoyed the tenants of Mr. Howland. The case is to be heard tomorrow.

Work 24 Hours A Day.

The busiest little things ever made are Dr. King's New Life Pills. Every pill is a sugar-coated globule of health, that changes weakness into strength, languor into energy, brain-fag into mental power; curing Constipation, Headache, Chills, Dyspepsia, Malaria. 25c at Robert R. Bellamy's.

EXTRAORDINARY BASKET SALE!

On account of having purchased a most complete sample line of very fine baskets at a most remarkably low price, we are able to place on sale Monday some astonishing values.

These baskets will be priced just about ONE-HALF their regular values.

Lunch Baskets, in great variety, 10c to $1.25.
Scrap Baskets, in great variety, 25c to $2.00.
Fruit Baskets, in great variety, 25c to 98c.
Work Baskets, open top, in great variety, 10c to $1.98.
Work Baskets, covered top, very fine silk lined, in great variety, 75c to $3.50.
Candy Baskets, 50c to $2.98.

HAMLET'S SENSATION.

Other Folks Said to be Involved In Hotel Affair.

(Special to Charlotte Observer.)

Hamlet, July 19.—Mayor's court was attended by a large crowd yesterday morning. The sensational rumors afloat as to the extent of the gambling among the visitors to the Stag hotel brought the larger part of the male population to hear the trial. The expectant crowd was in a measure disappointed. H. L. Bohman, the proprietor of the house, could not be found, and the other four men indicted waived examination and were bound over to Superior courts on bonds of $100 each.

It seems that there are more men implicated than at first appeared. The name of a prominent business man and several trusted railroad men are connected with it.

Mr. Nomell mentioned in yesterday's report saw the reporter today and stated that nine men were in the game when he entered the hotel where he had his room.

He thinks that they are equally to blame with him and stands ready to give their names to the proper authority.

It seems certain that several men will lose out with the railroad on account of the affair.

It is the talk of the town and all feel that the town has been disgraced by allowing such a resort to operate. Bohman recently leased the place from Ineden & Brown who ran it as a hotel for men only.

No legal steps have been taken to close the house, but Night Officer Jim Spencer was a visitor there last night. What he found out he did not report to either Mayor W. H. H. Bagwell or Chief C. B. Wright.

Hamlet, July 19.—Herman Bohman, the much sought proprietor of the Stag Hotel, was located yesterday evening in the house of Jim Crowson, south of town. Officers ramed with search warrants searched the house last night, but the prey was evidently warned and escaped. Chief Wright and Officer Spencer got only the refusal of Crowson's wife to tell which way the fugitive went.

ATHLETIC EVENTS AT CAMP

Contests Arranged for Members of Boys' Brigade Pulled Off in Grand Style—Winner and Prizes Awarded.

(Special Star Correspondence.)

Camp Brunswick, Southport, N. C., July 20.—Despite the general inclemency of the weather everybody in camp has enjoyed the last two days. Tuesday all were kept in their tents by the rain, but today the athletic events scheduled for this year were pulled off in grand style. The running and jumping contests were held in and back of the "Grove" some distance from camp. The ball throwing and potato race were held on the "garrison."

Promptly at 10 o'clock the start was made. The first event was the standing broad jump, being won by Irving with a jump of eight feet and four inches. Boney second. The prizes were a pair of tennis shoes and one-half dozen cigars. The hundred yard dash was next and was won by Chas. Davis, first, and Fergus second; prizes, pair of shoes and three pairs of socks. The running broad jump was won by Irving, first, and C. W. Davis, second; first prize, one shirt; second, one-half dozen cigars. One of the hardest fought contests of the meet was next—the 220 yard run. Three heats were required before the decision was announced. The final heat narrowed down to four contestants, Davis, C. C., Fergus, Irving and Davis, L. This was won by Irving in 29 seconds with L. Davis close second. Irving also won the first prize for throwing the ball and Louis Davis was again second. The potato race for Juniors under 15 years of age was won by Walker Taylor, Jr. Charlie Walker received the second prize. This wound up the events for today. On Thursday the swimming and obstacle races will be held.

The officials of the occasion were: Mr. Dushan, starter; Col. Taylor and Capt. Garrison, judges; Lieutenant McAllister, clerk of the course; J. M. Hall, timer; Doc Nutt, announcer, and B. F. King, Jr., scorer.

THE RECORDER' SCOURT.

Several Cases Were Investigated at Yesterday's Sitting.

In the Recorder's court yesterday morning James Betts, colored, was given a hearing on the charge of assault with deadly weapon, being accused of attempting to use an axe on Jane Sumter, colored, the case coming up from Justice Evans' court After hearing the evidence the Recorder decided that the defendant was not guilty and ordered his release. Minnie Clark and Grace Cochrane, colored, were tried on the charge of assault on Mrs. Nora Yates Tuesday evening. It seems that Minnie Clark had a "party" at her home on Tuesday evening and Joe Yates, husband of Mrs. Yates, was one of the spectators, and when Mrs. Yates went there for him the negroes are said to have committed the assault. The Recorder reserved his decision until today, and instructed the clerk to draw a warrant against Minnie Clark for conducting a disorderly house. The case against Randolph Henderson, colored, charged with assault with deadly weapon by participancy in the shooting affair at Seventh and Princess streets one night last week, was continued again, this time on account of the absence of the defendant's counsel.

MOORE'S CREEK TODAY.

Large Number of Wilmington People Will Attend Celebration.

Indications are that with anything like promising weather a large crowd will attend the annual celebration on the historic battlefield of Moore's Creek, near Currie, today. For this occasion the Atlantic Coast Line has offered a reduced rate of 60 cents for the round trip from Wilmington and extra accommodations will be provided, if needed, on the Fayetteville train, leaving the city at 8:40 o'clock this morning. It is also expected that there will be reduced rates from Fayetteville and intermediate points to Currie. Passengers will be met at Currie by private conveyances and taken over to the battleground about a mile distant.

As before announced the principal address will be by Hon. W. C. Newland, Lieutenant Governor of North Carolina, following the welcome address of President James F. Moore at 11 o'clock in the morning. In the afternoon Dr. John M. Faison, Democratic nominee for Congress in the Third District, will address the veterans. It is expected that music will be furnished by a string band.

DEATH OF MRS. McDONNELL.

Aged Lady Passed Away at Home of Daughter Yesterday.

The death of Mrs. Bridget McDonnell, relict of the late Hugh McDonnell, occurred yesterday morning at 4:30 o'clock at the home of her daughter, Mrs. W. N. Smithson, No. 808 Chesnut street, after a lingering illness of several months.

Mrs. McDonnell had been a resident of this city for many years and was held in high esteem by a large concourse of friends, who will learn with deep sorrow of her death. The deceased lady was in her 69th year, was a native of Ireland, and came to Wilmington with her husband before the civil war. There are surviving of the immediate family, two daughters, Mrs. W. N. Smithson and Mrs. William Sheehan, both of this city.

The funeral will be held this morning at 10 o'clock from St. Thomas' Catholic Church of which the deceased was a member. The remains will be interred in Bellevue cemetery.

Those Pies of Boyhood.

How delicious were the pies of boyhood. No pies now ever taste so good, what's changed? The pies? No. It's you. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—Stomach, Liver, Kidneys, Bowels—Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50c at Robert R. Bellamy's.

THIRD BIG SEABOARD STORAGE

Terminal Will be Erected for Use of Pocomoke Guano Company—Work Begins in August—Central Steam Plant.

Another big Seaboard storage, to be erected exclusively for the use of the Pocomoke Guano Company, will be in course of construction within the next few weeks, bids having been submitted some time ago, contract for the work to be awarded during the first part of August.

The third new storage, to be known as "Warehouse D." will be located directly adjoining the present terminal of the fertilizer company, leaving sufficient space between Storage "B", now being rebuilt, and the proposed one for the Pocomoke Company for storage "C", which the Seaboard contemplates erecting some time in the near future.

The building will be considerably larger than the present warehouse of the fertilizer company, the exact size being 90x380 feet.

It will be built on the same plans as the terminals recently erected by the Seaboard and efforts will be made to have it completed some time in November, to enable the fertilizer company to have the use of the storage during the busy months. Mr. V. Sykes, a Seaboard engineer, of Raleigh, is now in charge of the work as a representative of the company and in this capacity will supervise the erection of the new storage.

Work has progressed steadily on warehouse "B", which is being rebuilt and it will be completed about the middle of August. The Elliott Building Company, of Hickory, have this work in charge and expect to have the building ready by the time mentioned, although there has been some delay on account of being unable to secure lumber promptly. There are fifty men employed on this storage at the present time.

A big steam plant to work the hoisting engines is now being erected by the Diamond Steamboat & Wrecking Company and will practically revolutionize the work of unloading cargoes from vessels to the storages. The plant is being built of brick and is located directly between storages "A" and "B" and besides saving the use of a number of hoisting engines it will insure prompt and rapid discharge of cargoes. The steam will be conveyed through pipes from the plant to the hoisters. The plant is about half completed and will be ready within a month.

MR. HUNTINGTON IS NAMED.

Will be Temporarily in Charge of Y. M. C. A. After August 1st.

The board of directors of the Y. M. C. A. held a special meeting in the rooms of the association at 5:30 o'clock yesterday afternoon, Dr. Joseph Akerman, the president, presiding, the purpose being to make temporary arrangements for carrying on the work of the association after August 1st, upon the departure for Danville, Va., of General Secretary Edwin Kettle, whose resignation was tendered to the board Monday night. The board selected Physical Director J. B. Huntington as the acting general secretary until some other arrangements are made, and Mr. Huntigton will probably accept the place. Mr. H. G. Bowden will continue as assistant secretary. It is quite probable that the temporary arrangement will be made permanent later on.

ATHLETIC MEET AT LUMINA.

Arrangements Being Made for Contests Saturday, Aug 6th.

The Tidewater Power Comapny and the Y. M. C. A. are arranging for an athletic meet at Lumina, Wrightsville Beach, Saturday afternoon, August 6th, and the several features, which will be announced later, will be under the personal direction of Mr. J. B. Huntington, physical director of the Y. M. C. A. The events will be open for amateurs only and prizes consisting of medals and car tickets will be awarded the successful contestants. Running, hurdle, sack, potato, three-legged and canoe races are among the events that will be arranged. Plans are also making for swimming races to take place in Banks channel later in the month of August.

BASEBALL BENEFIT.

Fine Programme Will be Shown Today at the Bijou.

The managers of the Bijou, Messrs. Howard and Wells, have arranged for a most attractive programme for the baseball benefit performances that will be given at the popular amusement retreat today. It is said to be one of the best bills offered by the theatre in a long time and the management is expecting large audiences at each performance. In addition to the moving pictures there will be other fine features. A large percentage of the receipts today will be donated to the Wilmington baseball team in the Eastern Carolina League, which just now is in great need of funds.

Excursion to Carolina Beach.

The Ladies Aid Society of Fifth Street M. E. Church will run their last excursion of the season to Carolina Beach today. The steamer Wilmington will leave the city at 9 A. M. and 2:30 P. M. and the usual fare of 25 cents for the round trip will be in effect. Delightful refreshments will be served by the ladies and a pleasant day is assured to all who will attend.

The ads will show you whether or not there's a chance today to buy that piece of furniture at your price

Napoleon's Grit.

was of the unconquerable, never-say-die kind, the kind that you need most when you have a bad cold, cough or lung disease. Suppose troches, cough syrups, cod liver oil or doctors have all failed, don't lose heart or hope. Take Dr. King's New Discovery. Satisfaction is guaranteed when used for any throat or lung trouble. Trial bottle free at Robert R. Bellamy's

GROWTH OF COLORED K. OF P.

Grand Chancellor Gives Vital Statistics in His Annual Address Before Grand Lodge—Uniform Rank Parades.

(Reported for The Star.)

The sessions of the colored Grand Lodge, Knights of Pythias, held yesterday were not dull to the members of the organization. The morning session was spent in different committees making reports. A salient feature of this session was the annual address of Grand Chancellor J. S. Fitts. Vital statistics were given by him.

The order has had a remarkable growth since the Grand Lodge organized five years ago in this State with 21 lodges and a membership of about 800. At this session it was reported that there are now 3,750 persons who are members of the various lodges throughout the State. The endowment department was organized five years ago without any assets; today this department has in hand more than $12,000. In his address the Grand Chancellor discussed various phases of the fraternity's activities.

Yesterday at 4 P. M. members of the Uniform Rank traversed the principal streets of the city. They made a creditable showing and skilfully made a number of movements while parading that reflected credit upon officers and men. The following staff headed the procession: General J. E. Kimball; Inspector General R. L. Coles, Lieutenant Colonel Samuel Nelson; Col. S. A. L. Taylor, Major Jas. Reaves, Judge Advocate, Major Pittman.

There will be another session of the Grand Lodge this morning.

MISS ELIZABETH BURRUSS DEAD.

Passed Away Last Night at Home of Mrs. Kate T. Cumming.

Many friends in Wilmington and elsewhere will hear with profound regret and the deepest sorrow of the death of Miss Elizabeth Burruss, which occurred last evening at 7:55 o'clock, after a lingering illness of eight weeks with typhoid fever and complications, at the home of her aunt, Mrs. Kate T. Cumming, No. 318 South Third street. Miss Burruss had been desperately ill for the past several days and the end was expected at most any moment, her remarkable vitality alone postponing the inevitable, which came, however, as a sad realization to members of the family and to a host of friends.

Miss Burruss was a particularly attractive and accomplished young woman and was a great favorite in Wilmington social circles and throughout the State and in Virginia, where she frequently visited. Of the immediate family there are surviving only two sisters, Misses Susie and Elovine Burruss, to whom, with other members of the stricken family, the deepest sympathy of the community goes out. The arrangements for the funeral have not yet been made, but the services will be held some time on Friday and the interment will be in Oakdale cemetery.

TWO DROWNED IN A DAY.

Nurses Attempted to Rescue Janitor by Forming Living Chain.

Atlantic City, N. J., July 20.—Daniel Gallagher, aged 28 years, a janitor at the Foster home for children in Long Port, was drowned today while bathing in the surf near the home, despite the efforts of a number of young women nurses from the institution who formed a human chain and tried to effect his rescue. The nurses were on the beach with their charges when Gallagher, who was some distance out in the water, cried for help. No other men were near and grasping each others' hands several of the young women rushed through the surf toward the struggling bather. A strong undertow, however, quickly carried the drowning man out to sea.

One of the young women was swept off her feet, but was rescued by her companions. Late this afternoon another drowning was reported, the victim being H. E. Barlow, of Philadelphia. The first known of his death was when his body came ashore. He was in poor health, and it is believed that he was seized with heart failure.

NO WOMAN STENOGRAPHERS.

Apparently No Longer Wanted in Service of Government.

Washington, July 20.—Woman stenographers apparently no longer are wanted in the government service. This announcement was made today at the Civil Service Commission in an effort to put a stop to a steady flood of letters from women throughout the country who seek information about an examination for stenographers to be held next Tuesday in all the States and Territories.

This examination is for the purpose of recruiting only men stenographers and typists, the demand for whom the Civil Service Commission has been unable to meet. Practically all the various departments of the government are seeking to replace women stenographers with men, on the ground that the latter are more amenable to discipline, are more easily transferred to places where their services are needed and can more readily be drafted into other kinds of work.

MAKES GOOD, HEALTHY FLESH.

J. Hicks Bunting Offers to Pay for Samose if It Fails.

Begin the use of Samore today, and you will soon notice a gain in good, healthy flesh. To all who are thin, weak, and run down, this remarkable flesh-forming food promises plump, rosy, perfect health, vigor and vitality. Samose mingles with the food that is eaten, so that it is assimilated by the blood, and builds up pleasing plumpness and good healthy flesh. Those who use Samose for a week or ten days will soon notice a gain in weight and an improvement in general strength and health.

Samose is in tablet form, pleasant to take, and is sold by one of the most reputable drug stores in Wilmington. J. Hicks Bunting Drug Co., under their personal guarantee to refund the money if it does not give satisfaction.

Sent postpaid on receipt of price, 50 cents.

REMAINS SENT TO WARSAW

Funeral and Interment of Young Register Will Take Place There—Coroner's Jury Investigating—Witnesses Examined.

After being prepared for burial at the funeral parlors of Mr. W. E. Yopp, on Princess street, the body of C. L. Register, the young white man who died at the hospital Tuesday evening as the result of injuries received in a difficulty Sunday afternoon, was taken last evening to Warsaw, Duplin county, where the funeral and interment will take place. Mrs. Register was expected to arrive yesterday morning, but her father, Mr. J. J. Ezzell, telegraphed her early in the day not to come as the body would be sent up in the evening.

The coroner's jury convened in the grand jury room at the Court House at 10 o'clock yesterday morning for the purpose of inquiring into the circumstances surrounding the death of the young man. The jury is composed of Messrs. George Harriss, W. B. Savage, John W. Gafford, J. B. Britt, Julius Sternberger and S. F. Yopp. After visiting the hospital and viewing the remains of the young man and hearing the testimony of three witnesses, the jury adjourned until 9 o'clock this morning at which time the report of Dr. W. D. MacMillan, county superintendent of health, who performed an autopsy, will be received.

Walter Way, who is charged with striking the blow that resulted in the death of young Register, is still held in the county jail without bond.

The jury organized by the election of Mr. George Harriss as foreman and John W. Gafford, Esq., as secretary. Mr. J. J. Ezzell, of Turkey, father-in-law of the deceased; Mr. C.T.Williams and Mr. W. T. Croom were the witnesses examined yesterday morning.

C. T. Williams testified that Sunday evening he was standing on the corner of Water and Dock streets with Walter Way when an old man and young Register came along. The old man wanted to stop and talk, but Register told him not to stop as "he is no good." Walter Way went to Register and asked him what he meant, the latter replying that he meant every word he said. Way then struck the deceased with his fist, felling him. In the fall young Register's head struck a rock in the street. Way walked away hurriedly and when witness left Register was lying in the street. Both Way and Register had been drinking, testified the witness. Ed. Russ held Way for some time waiting for an officer, but released him before one arrived. The witness said that no one struck Register except Way.

The testimony of Mr. J. J. Ezzell, father-in-law of young Register, did not differ from his statement as previously given in The Star, but went further into detail. He testified that Sunday evening he and Charlie Register were sitting at the foot of Dock street looking at the boats pass in the river, when Way came along and asked if they did not want some whiskey; that if they gave him 25 cents he could get some in a few minutes. Register gave Way the money and the latter went off, but as he did not return immediately Register went in search of him. Witness soon went in search of Register and found him in a printing office close by on Dock street. Register was mad, testified the witness, who made him go to foot of Dock street, where they first met Way. After sitting there a while the two started back up Dock street, Register walking a short distance ahead of witness. Way passed witness and when he overtook Register said something that witness did not understand. Way then knocked Register down, his head striking a rock in the street. Way ran but was overtaken by Ed. Russ. The witness picked Register up; he was bleeding badly, but refused to let witness wash his head, or to summons medical attention. Witness knew by his action that he was unconscious. An officer was sent for and Register taken to the city Hall and later to the hospital.

W. T. Croom testified that he was sitting on his piazza at Front and Dock streets Sunday evening, when he saw Walter Way push a strange man off the sidewalk into the gutter and also saw Ed. Russ push Way off from the stranger. This occurred in front of Mintz's print shop. The stranger had money in his hand and Way had his arm outstretched as if he were asking for it. The trio went off in the direction of Water street and witness did not know anything that occurred.

LONG DISTANCE SERVICE.

Lines Now Extended to Lumberton, N. C.—Opened Yesterday.

Lumberton, capital of the State of Robeson and modestly known by all loyal Robesonians as the "best town at all" between Charlotte and Wilmington, now enjoys long distance telephone communication with the outside world, the line from Wilmington to Lumberton having been completed and opened to traffic yesterday. The Star had the pleasure of communicating by this means yesterday with Editor J. H. Sharpe, of the Robesonian, and Mr. W. S. Wishart, representative of the Star in Lumberton. The service is already good and will prove of inestimable benefit to the people of that live and progressive city.

For Nervous Disorders Take Horsford's Acid Phosphate

Especially recommended for the relief of nervous headache, exhaustion and insomnia.

SPECIAL CAR TO BEACH.

New Hanover delegates to the Congressional Convention are requested to meet at Front and Princess streets this morning at 10:30 o'clock, where they will board special car for Wrightsville Beach. This supersedes previous notice to assemble at 11 o'clock. Tickets will be provided on the car.

HEALTH ORDINANCES ADOPTED

Thirty Days Allowed for Installation of New Sanitary Surface Closets. Must Pay a Tax After October 1st.

Between lively skirmishes participated in by Aldermen Ellis and Bonitz, chairman of the Sanitary and Streets and Wharves Committees, respectively, anent the present alleged unsanitary condition prevailing in Wilmington, the Board of Aldermen, in special session for an hour yesterday afternoon, adopted an ordinance compelling owners of surface closets to install on their premises within thirty days from yesterday, the new sanitary closet, a model of which is on exhibition at the City Hall, requiring also that owners of closets pay an annual license tax of $2.50, payable in advance, on and after October 1st, 1910; passed an ordinance prohibiting the exhibition of motion pictures of prize fights, boxing and wrestling matches within the city limits or within a mile of the city limits, and considered some other matters.

The meeting was called by Mayor MacRae at the request of Messrs. West, Willard and Hinton for the purpose of receiving the report of the special health committee and for the transaction of any other business. The session lasted from 5 to 6 P. M. and the actual business disposed of could have been transacted in 10 or 15 minutes, had not the two Aldermen referred to locked horns. Mayor MacRae presided and Aldermen West, Willard, Ellis, Hinton, Yopp and Bonitz were in attendance.

Alderman Willard, chairman of the special health committee, made a verbal report; first, relative to his appearance before the Board of Audit and Finance the night before and the granting of the appropriation of $5,000 to be used in the campaign for better health conditions, and recommended the adoption of ordinances that would enable the committee to better cope with the situation. He introduced an ordinance making the adoption of the new sanitary closet within 30 days compulsory, providing for a fine of $10 for failure to comply with the law, and that on and after October 1st, 1910, each and every owner of a surface closet must pay an annual tax of $2.50, the city to have the closets cleaned either by contract or by city forces as may be determined upon later. Mr. Willard also recommended the screening of horse stables, but this was not incorporated in the ordinance. In introducing the ordinance Alderman Willard stated that he had made a personal visit to some sections of the city and the sanitary conditions were bad indeed and action should be taken to relieve the situation.

Alderman Yopp inquired if there were any cases of typhoid fever in districts where surface closets are used, and Alderman Bonitz replied by giving a concrete case, where in one block, there is a case of typhoid fever and another of smallpox, premises had not been cleaned in three months. Alderman Willard said that there are five cases of fever in one block in the residence section where there are cow pens. Aldermen Ellis and Yopp stated their willingness to vote on the sanitary closet phase of the report, but desired information from physicians as to the real condition here (not high sounding, sensational newspaper accounts,) they said, before taking action. Alderman Yopp said that he had been told during the day by a reputable physician that conditions were no worse than they had been. There was some more discussion and then Alderman Bonitz moved that "in order to simplify matters that the whole d—— city government be turned over to Furlong & Co., and let them run it."

Alderman Willard requested the reading of the motion made at the last meeting providing for the appointment of the special committee to show that the committee had full power to act without coming back to the Board of Aldermen. Alderman Ellis suggested that the time of the members of the board was being thrown away if the committee had full power, to which Alderman Willard replied that he desired the ordinances adopted so the committee could get to work. The Mayor called attention to the fact that the State law offered a solution to the entire question that has been stirring the city for the past few days. Alderman Bonitz said that the Sanitary Department had been operating under this law for two years, but had done nothing.

This was the beginning of the skirmish. Alderman Ellis replied by calling attention to the sanitary conditions around the city pound and declared that he thought the city should do its part before demanding that private individuals do so much, and also referred to the failure to remove slops from a certain restaurant because the chairman of the Streets and Wharves committee did not like the proprietor. In making a reply Alderman Bonitz read extracts from the letter of Alderman Ellis in tendering his resignation some time ago as chairman of the Sanitary Committee, in which the writer called attention to the importance of sanitation and the failure of the contractors to carry on properly the scavenger work. Alderman Bonitz wanted to know why it was that if Alderman Ellis favored a change in the scavenger system October 5th, 1909, he was against the proposition at this time. Regarding the place where the slops are not taken away, Alderman Bonitz said that it was up to the Sanitary Department to provide proper receptacles and his part of the work would be done. In conclusion he declared that Alderman Ellis had been shirking his duty and asked if there were any other duties he desired to shirk.

Alderman Ellis explained why his views relative to the scavenger work had undergone such a change. "I am so thoroughly disgusted," he said, "with the way the street cleaning department has been handled since the city took over the work that I am opposed to the city taking over the scavenger business at this time. The street cleaning work has been poorly managed by the chairman of the Streets and Wharves Committee." Alderman Ellis again stated that he desired to be taken off the sanitary committee and explained that the Board of Audit and Finance had given him an appropriation for the salaries of three ditchers and he would be glad if the Aldermen would tell him when they wanted any work of this character done in any part of the city.

The ordinance offered by Alderman Willard as above was adopted, but not unanimously.

The ordinance offered by Alderman West prohibiting the exhibition of motion pictures of prize fights, boxing and wrestling matches within the city limits or within a mile of the city limits, providing for a fine of $50 for any and every violation, was unanimously adopted.

Alderman Willard brought up the matter of an ordinance prohibiting the keeping of cows in the city or within a prescribed district, stating that Dr. Thos. B. Carroll, city meat inspector, had stated that it was very necessary that some such action be taken as it was impossible for him to visit and inspect all of the private cow pens in the city. Those present were not disposed to give consideration to cowpens and no action was taken. Alderman West again moved that the hour of closing near-beer saloons be changed from 9 to 11 P. M. No action was taken.

D. L. T. Capps was granted a license to conduct a near-beer saloon at No. 119 South Front street, and Vallie Felder was granted license to conduct a restaurant at No. 820 North Fourth street. C. A. Oliver was refused a license to conduct a restaurant at 11th and Princess streets, and the application of Robt. Mills, southwest corner of Second and Market streets, met a like fate.

Jell-O Ice Cream Powder

Makes Ice Cream for one cent a plate

RECIPE:

Stir the powder in a quart of milk and freeze. Nothing more to be done. Everything is in the package. Makes two quarts of delicious Ice Cream in 10 minutes.

Vanilla, Strawberry, Lemon, and Chocolate flavors, and Unflavored.

Two packages 25 cents at grocers'.

SLEMP BY ACCLAMATION

Renominated by Republicans In Ninth Virginia District.

Abingdon, Va., July 20.—The Ninth District Republican Convention which met here today renominated C. Bascom Slemp, of Big Stone Gap, for Congress. The nomination was by acclamation. The convention was attended by about four hundred delegates.

Resolutions endorsing the Taft administration, the work of the present Congress and the record of Slemp and condemning Virginia democracy for alleged unfair election and registration laws were adopted.

A feature of the convention was the evidence endorsement of the course of Speaker Cannon as the few cries for information regarding the movement of the insurgents in the country received but little support to indicate anything but loyalty to Cannon.

Mr. Slemp is the only Republican representative from Virginia. He arrived at Abongdon this morning from New York and was given a rousing ovation.

UPRISING MAY BE RESULT.

Threatening Signal in Honduras—Country in State of Unrest.

New Orleans, July 20.—Insurrections today at Ceiba and other points on the coast of Honduras, are declared by members of the Central American colony here to be the signal for a general uprising throughout the country of the sympathizers of Manuel Bonilla.

Large shipments of arms and ammunition have been sent to the revolutionists on several occasions and they are said to be well equipped to wage their war against Davila. Some of those shipments include launches and gasoline for transporting troops. At the time the Utstein sailed from Mobile four rapid fire guns and a thousand rifles and a million rounds of ammunition are reported to have been shipped on her. With Zelaya, Davila's sponsor out of the way, the plans of the Bonilla party began to take shape last November and the revolutionists have been prepared to strike this blow ever since.

New Orleans, July 20.—What was believed at first to be the beginning of a revolution which had as its object the reinstatement of Manuel Bonilla as president of Honduras, was merely a local outbreak, according to the Central American politicians in New Orleans. Reports from Tegucigalpa, the capital of Honduras, stated that insurrection had taken place at Ceiba. Immediately this gave grounds for the general belief that the frequently reported revolutionary plans of Manuel Bonilla had taken shape and that the first blow had been struck. Cable messages received by commercial houses here tonight were somewhat reassuring and declared that there was no general uprising.

Malaria Makes Pale Blood.

The Old Standard GROVE'S TASTELESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children, 50c.

Danderine

Grows Hair and we can PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows:

"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."

Another from Newark, N. J.

"I have been using Danderine regularly. When I first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

NOW at all druggists in three sizes 25c, 50c and $1.00 per bottle

Danderine enjoys a greater sale than any other one preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

Cut This Out

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c in silver or stamps to pay postage.

SOCIAL and PERSONAL

Brief Mention, News of Societies, Meetings, Etc.

Misses Charlotte and Margaret King, of Jacksonville, Fla., are visiting friends in the city.

* * *

Mrs. T. R. Newkirk, of Tampa, Fla., is the guest of her sister, Mrs. W. J. Flynn, on South Sixth street.

* * *

Mrs. H. K. Holden has returned from a very pleasant visit to friends and relatives in Savannah, Ga.

* * *

Miss Lydie A. Clemmons, of Florence, S. C., is visiting her cousin, Mrs. M. E. Graham, 608 Dock street.

* * *

Mrs. John Dyer, after spending two months or more with relatives in Savannah, Ga., has returned to the city.

* * *

Mrs. J. H. Boatwright, of Portsmouth, Va., is visiting her sister, Mrs. John A. Everitt, Jr., in Carolina Heights.

* * *

Misses Maggie Hall left yesterday for Burgaw where she will be the guest of Miss Mamie Thigpen for a few days.

* * *

Miss Fannie Dyer Holden has returned from a vacation of two weeks spent very pleasantly with relatives in Savannah, Ga.

* * *

Misses Virginia Garnett and Zuleime C. DuVal, of Richmond, Va., are guests of Miss Eloisa Jackson, on Wrightsville Sound.

* * *

Mr. A. J. Moore, of Greenville, N. C., is in the city to spend a few days and is a guest of his brother, Mr. Thos. J. Moore, at The Carolina.

* * *

Misses Margaret Jones, Florence James and Miss Matthews, of Sanford, N. C., are spending a week at Wrightsville Beach, guests at the Seashore.

* * *

Wadesboro Ansonian: "Miss Carrie Lee Liles, of Cairo, left Saturday for Wilmington, where she will spend some time with her sister, Mrs. J. D. Lowry."

* * *

The many friends of Mr. Wil Gore, now with a large chemical company at Montgomery, Ala., are delighted to see him in the city for a few days on a vacation trip.

* * *

Mr. and Mrs. W. H. Molina, of Petersburg, Va., who are pleasantly remembered by many Wilmington friends, are in the city for a visit of a week or ten days and are guests of Mr. and Mrs. J. M. Wood.

* * *

Mr. L. M. Hewlett, an old Wilmington boy who is "making good" in the coal business in Washington, D. C., is in the city to spend a week or ten days with friends and relatives. This is his first visit in several years and his friends are glad to see him looking remarkably well.

* * *

Red Springs Citizen: "Miss Lucy Williams has returned from Wilmington, where she had been visiting at the home of her sister, Mrs. Louis Hall.——Miss May Carmichael, of Wilmington, is visiting her cousins, Misses Annie Belle and Lucy Williams."

* * *

Atkinson, N. C., July 20.—Tuesday evening from 8 until 11 o'clock, Miss Clare Johnson entertained a number of her friends at a forest party, given in honor of Miss Cordelia Tate, of Chadbourn, N. C. The rooms were decorated with small trees and forest leaves. The invitations were leaf shape. The guests were met at the door and ushered into the sitting room where they found their fortunes hidden in various places about the room. Several games were engaged in, after which the fairy tale "Hansel and Gretel" was read by Miss Maggie Burns. The dining room was then thrown open, where the table was scattered with forest leaves and to the surprise and delight of all, the log cabin of candy and cake was found used as the center piece. Delicious refreshments were served.

ASKED TO STOP "CLANSMAN."

Boston Negroes and Whites Protest to Mayor Fitzgerald.

Boston, Mass., July 20.—Twenty representative negroes and a delegation of whites, under Chairman McLeod, of the Democratic State Committee, visited Mayor Fitzgerald this afternoon and made vigorous protest against the production of "The Clansman," now being played at the American Music Hall here.

Ex-United States Marshal Doherty, Attorney James Wolfe and William M. Trotter told the Mayor that the play would start a race war and generate race hatred.

Since it is necessary for the Mayor and the Police Commissioner to jointly decide against a play, Mayor Fitzgerald said he would investigate the complaint and attempt to influence Manager Morrison, of the Music Hall, to take it off.

MRS. McDONALD DEAD.

One of Wealthiest and Most Prominent Women of Washington.

(Special Star Telegram.)

Washington, N. C., July 20.—Mrs. Mary T. McDonald, one of Washington's wealthiest and most prominent residents, died at her home on Main street this morning after a short illness. The deceased was in her 66th year. Mrs. McDonald was a daughter of the late Henry A. Ellison, and Elisa Tripp Ellison, and the widow of the late Dr. John T. McDonald, of this city. She was a consistent and devoted member of the Episcopal church and noted for her generosity and deeds of charity. She is survived by two sisters, Mrs. J. G. Thomas, of Mobile, Ala.; Mrs. George H. Brown, of this city, and several nieces and nephews. The funeral will be conducted from St. Peter's Episcopal church tomorrow afternoon at 5 o'clock by the rector, Rev. Nathaniel Harding, and the interment will be in Oakdale cem-

Today's Shopping List.

Should include Blue Ribbon Lemon and Vanilla Extracts, the best.

LOCAL DOTS.

—The Clyde steamer Winyah, Capt. Bunnell, left New York Tuesday with cargo of cement for Wilmington and is expected to arrive here today.

—By deed filed for record yesterday J. C. Penny and wife, of Guilford county, transfer to Edd Seawell, for $40, lot on Peachtree avenue, Villa View.

—The tug Sea King, Capt. Edgar Williams, which has for the past few weeks been receiving repairs at Brunswick, Ga., is expected to arrive today. The tug left Brunswick for her home port yesterday morning.

—While on her way to work yesterday morning in company with several others, Addie McBride, colored, was run over at Sixth and Church streets by a bicycle ridden by a white man, who did not stop to see what damage had been done. The woman was badly bruised and considerably shaken up.

—In Justice Bornemann's court yesterday Joseph Williams, colored, was given hearing on the charge of stealing a pair of trousers from Fred Burney, colored, with whom he roomed. Probable cause being found the defendant was bound over to the Recorder's court and the case will be investigated today.

—A warrant was served yesterday on Mr. W. J. Reaves, the contractor, charging him with obstructing Second street, between Market and Princess streets, where he is erecting a new building. The warrant was sworn out by Chief of Police N. J. Williams and the hearing will take place before the Recorder this morning.

—Sheriff Cowan gives notice that the time is up for payment of license tax. The list of delinquents has already been made up and the law requires that this list be turned over to the grand jury when Superior Court meets Monday. This is not pleasant to the sheriff, but he says he has no alternative than a strict enforcement of the law.

—Ada Fulton and Lizzie Evans, colored, were tried before Justice Harriss yesterday on charges of simple assault. It was alleged that they had a fight with some other negroes at Carolina Beach and renewed the matter after returning to the city. They were taxed with the costs in both cases. The Evans woman arranged the costs, but Ada Fulton will probably go to the county farm for 60 days.

—Katie L. Davis, colored, was arrested yesterday afternoon on a warrant from Justice Harriss' court charging her with obstructing an officer in the discharge of his duties, it being alleged that when Deputy Sheriff Howe went to her house armed with an execution for some furniture she refused to let him in. She was committed to jail, but later gave $25 bond for appearance at trial at 10 o'clock this morning.

PERSONAL PARAGRAPHS.

—Judge C. C. Lyon, of Elizabethtown, is in the city, a guest at The Orton.

—Mr. B. W. Carter, of Jerome, Bladen county, was here yesterday making business calls.

—Messrs. F. P. Flynn, of Currie, and J. R. Powell, of Phoenix, are business visitors to the city.

—Mr. Samuel T. Meares, of Clinton, was among yesterday's arrivals to attend the Congressional Convention.

—Mr. R. R. Watkins, of Southport a delegate to the Congressional Convention from Brunswick, arrived in the city yesterday.

—Editor J. A. Sharpe, of the Lumberton Robesonian; Editor J. P. Pittman, of the Dunn Guide, and Editor R. B. Branch, of the Red Springs Citizen, are among the visiting newspaper men here for the Congressional Convention.

—Rev. W. L. Rexford, pastor of Bladen Street M. E. church, will leave today for Burgaw, where he will attend the District Conference. He will remain over Sunday and his pulpit will be filled by Rev. J. J. Porter, who will preach morning and evening.

GOVERNOR INDICTED.

Iowa Executive Charged With Criminal Libel in Publication.

Des Moines, Iowa, July 20.—Governor B. F. Carroll, of Iowa, was indicted for criminal libel by a Polk county grand jury which returned the bill against the Governor today. The indictment is the outgrowth of a lengthy investigation by the grand jury of affairs at the Iowa Industrial school for girls at Mitchellville. It is alleged in the bill that the Governor made libellous statements concerning John Cownie, former chairman of the State board of control in an article published in the Des Moines "Capital" of May 24th in which the Governor set forth at length his reasons for demanding the resignation of Mr. Cownie.

SHOWMAN ARRESTED.

Salisbury Man and Negro Are Charged With Robbery.

Salisbury, N. C., July 20.—Charged with robbing the residence of Mr. J. W. C. Kluttz in Salisbury, Capt. W. J. Murray, who for the past two months conducted moving picture shows, vaudeville and wrestling matches in Salisbury, was jailed in this city today. Mose Hargrave, a well known colored cabman, was accused of being an accessory to the theft when forty dollars in cash were taken and is still held under a heavy bond. Murray, who is well known in the show world and a man of fine appearance, was arrested Sunday at Lexington and brought to Salisbury jail.

DIED.

McDONNELL.—At the home of her daughter, Mrs. Maggie Smithson, No. 808 Chesnut street, at 4:30 A. M., Wednesday, July 20th, MRS. BRIDGET McDONNELL, in the 69th year of her age.

Funeral this (Thursday) morning at 10 o'clock from St. Thomas' Catholic Church, interment in Bellevue cemetery; friends and acquaintances respectfully invited to attend.

DIED.

BURRUSS—At the home of her aunt, Mrs. Kate T. Cumming, No. 318 South Third street, Wilmington, N. C., on Wednesday, July 20th, 1910, MISS ELIZABETH BURRUSS.

Funeral announcement later.

OFFICER DIES OF WOUNDS

Search for Negro Who Did Shooting Goes On.

Wadesboro, July 20.—Mr. J. M. Sing, Marshal of the town of MacFarlan, who was shot Monday night by Claude Thomas, a negro working on the railroad, died this morning at 7 o'clock. He was 38 years old and leaves a wife and six children. Officers have not yet located Thomas but are searching for him. The Governor and the town offer a reward of $300. Late last night telephonic advices received here told of a negro resembling Thomas with wet clothes who broke into a farm house near Cheraw, S. C. and carried off dry clothing. Officials think it was Thomas and that he had been in hiding in the river all day. Blood hounds have been taken to the farm house and will take up that trail. A suspected negro man was caught in the woods yesterday and shot by officers when he attempted to make a get away, but is not seriously injured.

Every effort is being made to apprehend the murderer and the Governor and city have offered a reward of $300 for him.

While the excitement has died down somewhat, it is thought that the man will be severely dealt with in case he is captured and brought here.

HAD TERRIBLE EXPERIENCE

Four Men Caught In Storm in Gasolene Boat.

Norfolk, Va., July 20.—Caught in a terrific storm on Chincoteague Bay in a small gasoline launch in which the engine refused to turn, George White and Dallas Rogers, Bay fishermen, and George Sharpley and John Shelby, living at Franklin City, were swept out to sea and nearly lost their lives before tney could fix their engine. The news was brought here today by the sloop Ella, in from Chincoteague. The four men started for a pleasure trip and were caught in the gale. The engine was of the spark variety and the waves beat over the craft drenching the macninery and the plug refused to work. The gale increased in intensity and the craft was being blown seaward. Several times the little vessel came near swamping. Two of the men kept at the pumps while the others tried to repair the engine. The men managed to dry the plug with waste and placing a hood on it started their boat back in the teeth of the storm. By dint of hard work they reached shore thoroughly exhausted.

MAY LYNCH WHITE MAN

Charged With Assaulting Young Girl. Surrounded by Mob.

Biloxi, Miss., July 20.—Charged with assaulting Irene Wratus, the 12-year-old adopted daughter of John Basford and wife, Paul Combell, a white man of prominent family is surrounded in the pine woods north of Waveland, near this place, by a posse of citizens of Bay St. Louis, who are bent on Combell's capture and may lynch him if their search is successful. The crime which Combell is alleged to have committed occurred a month ago but not until yesterday did the child inform her foster mother of what is alleged to have occurred. Hearing of her confession, Combell, it is said, fled to the forest.

AVIATOR STRUCK

Lightning Did No Damage to Aerial Craft in Spain.

Barcelona, July 20.—While he was making a cross-country flight today Aviator Ehrmann's aeroplane was struck by lightning and fell blazing to the ground. The aviator escaped uninjured, which is regarded as almost miraculous.

There has never been a more startling aerial exhibition than that which Ehrmann, unwillingly afforded and those who witnessed it could hardly believe their eyes when the airman emerged from the singed framework, none the worse for his experience.

He was sailing along a moderate height when he got in the path of a sky bolt.

STOP DRINKING ON TRAINS.

Georgia Senate Passes Bill Declaring It a Misdemeanor.

Atlanta, Ga., July 20.—The State Senate today passed a bill declaring the drinking of intoxicating liquors on passenger trains a misdemeanor punishable by fine or imprisonment.

Mexico City, July 20.—To meet the requirements of the increasing traffic the National Railways of Mexico have placed an order for new equipment amounting to $4,000,000. This is the largest order of the kind that was ever sent out of Mexico. It calls for 20 Mallett articulated compound locomotives of the heaviest type, mail, baggage and express cars and 3,200 freight cars.

New Orleans, July 20.—News was received here tonight that General Carmen Corea, better known under the sobriquet of "General Colon," had been killed during fighting in the interior of Nicaragua a week or more ago. General Corea had taken a conspicuous part in the army of Estrada since the beginning of the warfare in Nicaragua. His bravery had been widely commented upon.

Washington, July 20.—Important advances in freight rates recently made by the railways in Eastern classification territory will be suspended voluntarily by the railroads until November 1 next. This agreement was made by a committee representing the carrier and by Chairman Knapp of the Interstate Commerce Commission.

Denver, Colo., July 20.—Announcement was made tonight that Billy Papke has accepted the offer of a local promoter for a fight with Stanley Ketchel. Should Ketchel accept the bout will be staged near Denver. Should Ketchel decline Papke declares he will claim the middle-weight title by default.

Milwaukee, Wis., July 20.—Dispatches from the Northern part of the State tell of havoc being wrought by forest fires in the small lumbering towns. Maniwa, a town of 400 inhabitants and Helneman, a town of 500, were destroyed.

The "bargain hunter" is no longer the woman who merely haunts the stores. She is the woman who watches the ads and goes to the stores strictly on business.

BRITISH NAVAL DRILL

Practice That Keeps the Crews In Fit Condition.

CLEARING SHIP FOR ACTION.

A Lively Time While the Decks Are Being Stripped of Everything That Would Impede the Fire of the Guns. Working the Torpedo Nets.

It is a little after two bells in the forenoon watch, or, in shore going talk, 9 a. m., and the officers and men of the battleship wear an expectant air. The ship's company is fallen in at stations for general exercise. The commander, surrounded by his staff—a midshipman, a bugler and the chief boatswain's mate—is standing on top of the after barbette. A kind of tense hush is over all hands and, indeed, over the rest of the squadron at anchor in the bay. It is a general drill morning, and the ships of the squadron are about to compete against each other at various evolutions.

On the after bridge the glasses of the signal boatswain and his yeomen are glued on the flagship. Presently a couple of gayly colored flags are hoisted at her main. Hardly have they left the rail when the signal boatswain spins round. "Signal's 'place net defense, sir!'" he cries. "Out nets!" bawls the commander. "Out nets!" shout the boatswain's mates. Instantly hordes of men dash at the neat roll of wire nets lying on the shelf round the ship and push it overboard. One edge being held in place, it unrolls as it falls, making a veil on the side. "Clear the net shelf!" The men vanish. "Man the purchase!" Somewhere above a bugle blares out a "G."

The marines, handling large bearing out spars, shove the upper ends of the booms, from which the nets hang, outboard. They revolve slowly about their lower ends, which are near the water line and, hauled by the steam capstan on one side and the seamen on the purchase on the other, extend themselves at right angles to the hull. "Break!" bellows the commander, and a signalman jerks the halyards. A red, white and blue pendant, hitherto waiting in a ball at the topsail yardarm, breaks from its confinement and floats out on the breeze, announcing to all and sundry that the ship has finished the evolution and is now protected from torpedo attack by her crinoline of nets. "First ship, sir," reports the signal boatswain, and the men, once more at their general stations, grin contentedly and make contemptuous comments on the struggles of the remainder of the fleet. There is a short pause till these are ended; then another hoist rises from the flagship's bridge. "In nets!" is the order, and the ship's company is once more galvanized into action. Amid a scene of orderly confusion the huge booms return to position, shut back against the ship's side, the brails which pass beneath the nets every few yards are manned, all hands haul with a will, the mass of steel meshes is rolled up and secured on its shelf, and the bright pendant at the topsail yardarm is again broken by the signalman.

A short "Stand easy!" follows, soon ended by another signal, "Clear for action!" To the mind of the bewildered spectator pandemonium follows. But it is only in appearance. Each man knows what he has to do and does it. Under the onslaught of the seamen davits, stanchions, rails, stovepipes—in fact, all things that can possibly restrict the fire of the guns—disappear with a rapidity that gives the impression of their being mowed down; skylights are masked by steel hatches, boats are turned in and secured, and in two or three minutes the decks are stripped bare and the men again fallen in, awaiting the order to replace gear. This done—a longer job, but still accomplished with celerity—the last and most exciting signal of the forenoon appears—"Away all boats' crews; pull round the fleet."

The men tumble into their boats at the davits, the lowerers pay out the falls, and in a few moments the cutters, whalers, gigs and galleys are pulling for dear life, a midshipman in charge of each. On the after bridge the commander, waving two small hand flags which control the huge steam derrick, is lifting the pinnace and launch from the boat deck and depositing them in the water. Men drop into them, double and treble banking the long oars, and soon these are pounding after the lighter boats.

The evolution is a race, ship against ship. Who will have the first boat back? Who will have all boats back and hoisted first? Midshipmen, probably with bets on the matter, are urging their crews on. Every man is putting his back into it for the honor of his ship. Telescopes watch progress from all the vessels of the fleet. Here comes the galley—the captain's boat, manned by a picked crew and dancing through the water under the long sweeping strokes of the oars—first boat back. Again the tricolored pendant flies out, and the captain's "doggie" (midshipman) climbs out of the galley's stern sheets, beaming all over his boyish countenance.

The boats are hoisted as they return, the men left on board manning the falls and running away with them to the sound of the ship's band playing on the shelter deck. Presently all is square again. The boatswain's mates pipe "Hands carry on smoking." The forenoon's drills are over, and officers and men alike are in good humor, proud of the final signal received from the all powerful flagship:

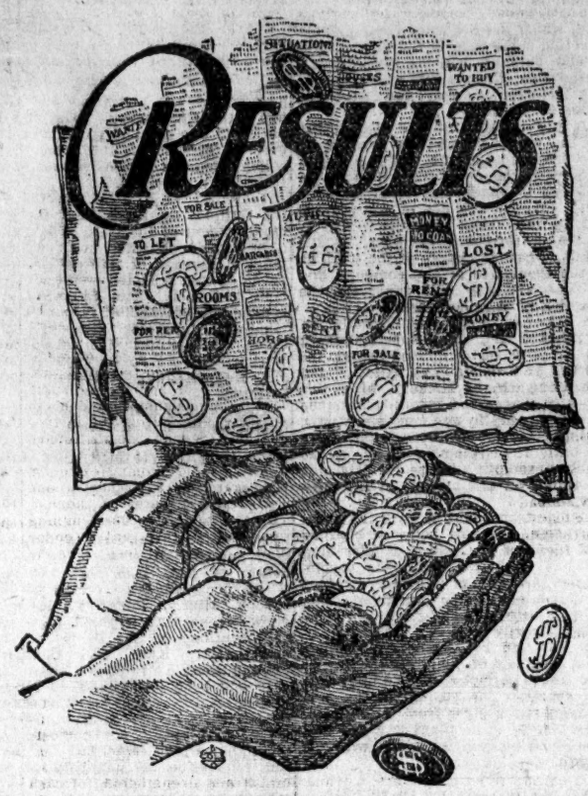
"Evolutions smartly performed."—London Globe.

Every housewife "in business"—is a buyer of home supplies—and should watch for buying opportunities as closely as though she were buying to sell again.

S. S. S. THE REAL CURE FOR SCROFULA

Scrofula is a blood disease manifested usually by an ulceration of the glands. It is almost entirely hereditary in its origin, being the seeds or dregs of some specific blood poison which has been transmitted, in modified form, to the offspring of diseased parentage. Where the blood is specially vitiated Scrofula attacks other portions of the system beside the glands, and we see its effects frequently in weak eyes, poorly developd bodies, running sores and ulcers, skin diseases like scaldhead, catarrhal troubles etc. While the young are the usual sufferers from scrofulous troubles, it is true that it is sometimes held in check until middle life is reached, or passed, and then, as the physical system begins to decline, older persons are attacked by the disease. S. S. S. is the one real and certain cure for Scrofula. It is a blood purifier without an equal and it cures this destructive blood poison by removing the germs from the blood and so enriching and building up the circulation that the disease can not remain. S. S. S. searches out every taint and impurity from the blood; it gives to the blood the richness and power necessary to the healthy growth of children, and it strengthens and invigorates the constitutions of older persons, by its fine tonic effects. S. S. S. is a purely vegetable medicine, perfectly safe for young or old. Scrofula being a blood disease can only be cured by a blood purifier like S. S. S. Book on the blood free to all who write and request it.

THE SWIFT SPECIFIC CO., ATLANTA, GA.



are sure to follow the use of Star Business Locals.

1867--ESTABLISHED--1867

During this time it has been and ever will be our policy to give an honest dollar's worth of goods for 100 cents, thereby having the confidence of the trading public.

Seaside Requirements—Ladies Bathing Suits and Caps, Children's Bathing Suits,

Ladies' Ready-to-Wear Department—Tailored Suits, Wash Suits, Separate Skirts, Muslin Underwear, Dressing Sacques and Kimonas, Tailored and Lingerie Shirt Waists.

FINANCIAL and COMMERCIAL

RENEWED ACTIVITY IN COTTON

Better demand Developed After Early Decline on the Market Yesterday—Bull Leaders Supported Old Crop Months.

New York, July 20.—There was a renewal of the selling movement which caused yesterday's sensational break in the cotton market this morning, but after an early decline a better demand developed and prices more than recovered their loss in the afternoon on covering and bull support encouraged by reports of better trade conditions and an increased demand from the mills.

The close was very steady at an advance of 1 to 4 points. The market opened steady at unchanged prices to an advance of three points on covering by some of yesterday's late sellers who found the Liverpool cables considerably better than they had expected. The bull leaders gave the old crop months support, but aside from this there was no very aggressive buying, and shortly after the call the market became easier under liquidation and bear pressure. The detailed weather reports showed nothing more than scattered local showers or rains in Texas, rather than the general soaking rains considered desirable, but the Eastern belt forecast was for generally clear weather, and the improvement in that section was one of the bearish factors during the middle of the morning when prices sold off to a net loss of about 8 to 10 points on new crop months. Old crop positions, however, were well maintained and when it was reported that the mills were buying new crop deliveries more freely at the decline recent sellers for short account started to cover with prices advancing quite sharply during the afternoon and closing within a point or two of the top on the active months. Foreign trade advices were decidedly better and notwithstanding the improvement in the weather private crop accounts were generally bullish, helping the recovery from the low point of the morning. Southern spot markets officially reported early were 1-8c lower to 1-8c higher. Advices received here late in the day from dry goods trade reported a better domestic demand for goods and some said that Northern mills were entering the market for October shipment from the South.

Receipts of cotton at the ports today 12,000 bales against 6,355 last week and 2,334 last year; for the week 40,000 bales against 37,541 last week and 18,571 last year. Today's receipts at New Orleans 3,650 bales against 558 last year, and at Houston 207 bales against 273 last year.

Spot cotton closed quiet 15 points higher; middling uplands 16.10; middling gulf 16.35; sales 3,800 bales. Futures opened steady and closed very steady.

Month.	Open.	High.	Low.	Close.

COTTON MARKET.

Market—Nothing doing. Quotations corresponding day last year nominal.

Receipts - (—) bales, same day last year (—) bales.

PRODUCE MARKET.

(Quoted by W. J. Meredith July 16th.)

PEANUTS—North Carolina, No. 1 $1.20 to $1.25 per bushel; Spanish $1.40 and $1.50; Virginias $1.00 and $1.10.

CORN—Firm 85 cents per bushel.

N. C. HAMS—Dull; hams 19 to 20; shoulders and sides 17 cts.

EGGS—15 and 16c, very dull.

CHICKENS—Spring 15 and 30; grown 50 scarce.

BEESEWAX—Firm at 26 to 27c.

TALLOW—Firm at 4 1-2 to 5c per pound.

SWEET POTATOES—Out of season.

HIDES—Dr. flint 13c; green 7c per pound

WOOL—Burr 12 to 15c; free of burr 18 to 20c.

GEESE—Out of Season.

PORK—Out of Season.

SHEEP—Grown $1.00 to $2.50.

LAMBS—Good demand $1.50 to $3.00.

PEAS—Out of Season.

IRISH POTATOES—New crop 40 to 50c per bushel, dull.

LIVERPOOL COTTON MARKET.

Spot Business Small With Prices Nine Points Lower.

Liverpool, July 20.—Spot cotton small business done, prices nine points lower. American middling fair 8.47; good middling 8.17; middling 8.03; low middling 7.93; good ordinary 7.37; ordinary 7.42. The sales of the day were 3,000 bales, of which 1,000 were for speculation and export, and included 2,600 American. No reecipts.

Futures opened quiet and steady and closed quiet. July 8.72; July and August 7.61; August and September 7.34; September and October 6.98; October and November 6.80 1-2; November and December 6.71; December and January 6.68 1-2; January and February 6.67 1-2; February and March 6.67; March and April 6.66 1-2; April and May 6.66; May and June 6.66.

THE DRY GOODS MARKET.

New York, July 20.—The dry goods markets were steady during the day and the slight measure of improvement noted at the beginning of the week was continued. Cotton gray goods are slightly higher and lowest goods are in slightly better demand. Hosiery and underwear, while selling at very low prices, are being ordered for Spring in fair volume. Men's wear lines will be opened tomorrow. New lines of ginghams are to be announced to the trade tomorrow.

COPPERS FIGURED ON MARKET

Redeemed the Day's Stock Market From Being Dullest of Season—Copper Mining Shares Strong Feature Abroad.

New York, July 20.—There was a glimmer of speculative interest in the coppers today. This was all that redeemed the day's stock market from being the dullest of the year. The demonstration in the copper group was not explained definitely but gave rise to rumors of progress in the efforts to bring about a working agreement between the leading producers to cutail the output.

The buying of Amalgamated Copper for foreign account was regarded as quite imposing and this supplied the vantage point for an uplift in the whole group. Copper mining shares were a strong feature in London and in Paris.

The desire of a number of important financial interests to effect a closer agreement between the great copper producers and to restrict the production has been avowed on more than one occasion and is supposed to have awaited the supreme court decision on the anti-trust law for active steps towards its consummation. The credence given to the present reports of an agreement grows out of the depressed condition in the copper metal trade which is resulting from the sustained production in spite of the maintenance of the consumption demand at a rate which is limiting the further accumulation of surplus stocks to moderate proportions.

Receipts of gold from Mexico reported to aggregate $3,000,000 by one firm were said to represent the natural course of the proceeds of mining operations rather than any peculiar condition in trade relations. The increased supplies in the local money markets showed a further effect in the recovery in foreign exchange rates.

The compilation of returns of all National banks of the United States made to the Controller of the Currency under the call of June 30th is seen to be imminent, from the progress of the detailed reports. This compilation is awaited with so much interest as to account for the halt in activity until it is published. The confidence that an improved position will be shown and the further strengthening of cash reserves now in progress are elements in the firmness of the stock market.

Bonds were firmer. Total sales par value $991,000. United States bonds were unchanged on call. Total sales today 307,800 shares.

COTTON PRICES WELL HELD.

Cables Gave Good Tone to the Market. Fine for Coming Crop.

(Special Star Telegram.)

New York, July 20.—Better cables than expected gave a good tone to the market at the opening and prices were well held with a tendency to advance, though the activity was moderate, and fluctuations small. Buyers were deterred by the absence of support and the absence of bullish features. Manchester was not specially encouraging and trade reports were mixed with some encouragement. The crop as a whole has fine growing weather with moderate temperatures and the weather in the Atlantic States promised to be more settled than for some time. No feature developed in the trading.

CREAM CONES INJURIOUS.

Manufacturers Will be Prosecuted by the Government.

Washington, July 20.—Prosecutions against manufacturers of ice cream cones containing borax are to be instituted by the government under the pure food law.

Large seizures of cones were made recently in different parts of the country by inspectors of the Department of Agriculture. An analysis of the cones seized disclosed the presence of borax, a property which has been held to be deleterious to the human stomach.

The cones, chemically tested, were found to contain also saccharine and benzoate of soda, but it was said at the Department today that the proposed prosecution would be based solely on the presence of borax, inasmuch as saccharine still was under investigation and benzoate of soda had been held to be harmless when it is used in small quantities. Inspectors will continue to make seizures wherever cones containing borax are found.

So popular have ice cream cones become throughout the country especially among newsboys and street urchins, that the manufacture of the cones has become a thriving enterprise.

SOLDIERS HELD FOR CRIME.

Two Arrested Suspected of Shooting Negro at Fort Myer.

Washington, July 20.—Clifford L. Ferdheim and Thomas J. Molyneaux, privates in Troop C. 15th United States Cavalry, stationed at Fort Myer, Va., were arrested today on suspicion of having shot William Smith, a negro, Monday night. After the shooting the soldiers were pursued by a District of Columbia policeman into Virginia, where the fugitives defied arrest.

The officer, after the two men had been sent to the guard house today following an investigation by Capt. Newbill, acting commander at Fort Myer, identified the soldiers as the men he had attempted to arrest. Ferdheim and Molyneaux deny that they participated in the shooting. Smith, the victim, who is at the Georgetown hospital, is not expected to survive. Tomorrow the military prisoners will be turned over to the police authorities of the District of Columbia.

ILLINOIS BRIBERY CASES

In Connection With Election of Senator Lorimer.

Springfield, Ill., July 19.—At the request of State's Attorney Burke the Sangamon Circuit Court today set the following cases in the legislative bribery investigation for arraignment and plea:

Senator John Broderick, D. W. Holtslaw and Stanton C. Pemberton and Representative Joseph C. Clark, July 29; A. B. Johnston, July 30th. Broderick is indicted in connection with the election of William Lorimer for Senator and the "Jack Pot" distribution, Perberton, Clark and Holtslaw in the furniture contract award, and Johnson for bribing Holtslaw.

In reading store ads most people about some particular article—hence are looking for definite information merchants should quote prices always.

THE GRAIN MARKET.

Chicago, July 20.—It was up and tuck between the American Northwest and the remainder of the world today in regard to supplying bullish news about wheat. Especially as to the Canadian portion of the spring crop belt, the lowest estimate to date concerning the yield for the season was brought forward. A firm feeling prevailed at the close with prices 1 to 1 3-4 net higher. Corn finished 3-4 to 1 1-4 up and oats 1-8 to 1-4c to 1-2. Provisions also showed a gain of 7 1-2 to 32c.

Wheat—No. 2 red 1.09 1-2 to 1.11; No. 3 red 1.07 to 1.10 1-2; No. 2 hard 1.09 1-2 to 1.10; No. 3 hard 1.07 to 1.10 1-2; No. 1 northern 1.26 3-4 to 1.29 1-2; No. 2 northern 1.22 to 1.26; No. 3 spring 1.15 to 1.23; durum 94 to 1.03.

Corn—No. 2, 63 1-4 to 64; No. 2 white 66 1-4 to 66 1-2; No. 2 yellow 64 3-4; No. 3 62 to 63; No. 3 white 65 1-2; No. 3 yellow 63 3-4 to 64; No. 4, 61 to 62; No. 4 white 63; No. 4 yellow 61 to 62 3-4.

Oats—No. 2 white 44 to 44 1-2; No. 3 white 41 1-2 to 43 1-4; No. 4 white 40 to 42 1-2; standard 43 1-2 to 44.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, Price, 75c. per bottle.

Take Hall's Family Pills for constipation.

Wood's Late Seed Potatoes

are selected seed potatoes carried in cold storage, so as to supply them unsprouted and in the best condition for summer planting.

The best time to plant Late Potatoes is in June or early in July, to make the largest yielding crops for winter use or market.

Write for **"Wood's Crop Special,"** giving prices and seasonable information about Late Potatoes and other Seeds for Summer Planting.

North Star Refrigerators

Special 10% Reduction Sale

Seventeen Reasons

Why you should buy the

NORTH STAR REFRIGERATORS

1st. Economy in ice. There are seven walls to protect the ice.
2nd. Durability. No mitres to open.
3rd. Best Nickle Plated trimmings.
4th. Ice chamber lined with Galvanized Steel.
5th. The improved ice rack.
6th. Ice chamber cannot leak.
7th. Automatic trap.
8th. Provision chamber does not overflow on the floor.
9th. Drain-pipe is removable, making easy to clean if necessary.
10th. Drain-trough in bottom helps circulation and is convenient in cleaning refrigerator.
11th. Trap in front where easily seen and waste pan emptied when full.
12th. Shelves are galvanized steel.
13th. Patent casters that cannot drop out.
14th. Lid locked together at corners making them durable.
15th. No condensation owing to a perfect circulation.
16th. Superior finish.
17th. Our guarantee that every "North Star" Refrigerator will be exactly as represented.

N. JACOBI HARDWARE CO.
10 and 12 South Front Street.

Five More Days of Gaylord's SUMMER Clearing Sale

During the five just passed we have sold piles and piles of goods, given wonderful bargains and satisfied hundreds of customers.

During the remaining five days we shall offer greater bargains, give lower prices and clean up all Summer goods in a whirlwind of half cut prices.

Try your dollar this week at Gaylord's Great Clearing Sale and see how vast will be your purchase and how great your satisfaction.

PANAMAN CONFERENCE.

Favors Permanent Pan-American Exposition at Buenos Ayres.

Buenos Ayres, July 20.—The Chilean delegation to the Panaman Conference, which is now in session here, proposed today that as a fitting recognition of the centenary of the establishment of the Republic of Argentina, which occurred this year, a building be constructed at Buenos Ayres to be used for a permanent Pan-American Exposition. The cost would be charged to all the American nations.

Upon the motion of Estanislae Zeballos, former Minister of Foreign Affairs for Argentina, the delegates to the conference rose in honor of the anniversary of Columbia's movement to break from the yoke of Spain.

Senor Lugo, the representative of the Dominican Republic remarked that the chapter of the programme entitled "The General Well-Being," was too limited and asked that a commission be appointed to interpret it in a more ideal and liberal sense, permitting the conference to take up the question relative to the intervention of European North America or South American powers in the domestic political questions of the American nations.

Senor Carlos Garcia Velez, the Cuban delegate, responded that it was unjust to say that the programme was not ideal for it had been formulated at Washington by the representatives of all the American nations.

The proposal of Senor Lugo, however, was submitted for the consideration of the first commission.

HIBERNIANS' SESSIONS.

Compulsory Insurance Proposition Before the Order.

Portland, Ore., July 20.—Proposed compulsory insurance of all members backed by Minnesota and Massachusetts delegations and opposed by nearly all the others, occupied the attention of the Ancient Order of Hibernians at today's session of the 47th biennial convention of the order.

The plan is to organize a National insurance society within the order and to make all members join it. The Minnesota and Massachusetts Hibernians already have State societies which would be strengthened, members think, by absorption by a National society.

The biennial report of National President Cummins showed an encouraging increase in membership, influence and financial resources.

An important feature of the report is a discussion of the unity of the Irish race in America, with the recommendation for a National conference in this convention. A full and complete report of the mission of the Irish envoys last year to Ireland to unite the members of the order there is included.

CHINESE REBELS DEFEATED.

Pirates Either Captured or Killed by Portuguese Troops.

Lisbon, July 20.—An official dispatch received here today says that the operations of the Portuguese troops against the Chinese rebels on Colowan Island, off Macao, have been successfully terminated. The troops are now in entire control of the island, where they released sixteen prisoners and captured 44 of the Chinese pirates.

The trouble had its origin in the capture of a party of Chinese students by the pirates. The Governor of Macao sent an expedition to effect their rescue and the pirates reinforced by Chinese from the interior resisted strenuously. In the fighting many Chinese were killed or wounded and a Portuguese gunboat bombarded the island doing great damage.

TAFT WILL BE INVITED

To Open National Conservation Congress—Governor's Day.

Chicago, July 20.—President Taft will be invited to open the National Conservation Congress at St. Paul on September 10th according to a decision reached today at a conference between the executive committee of th Congress on September 5th instead of September 6th, the original date. The extra day will be known as "Governor's Day" and all governors in the country will be invited.

Colonel Roosevelt will make his address on September 6th but the honor of opening the meeting will be tendered to President Taft. It is believed the President will accept the invitation.

ROOSEVELT TO ASHEVILLE.

Will be Invited to Deliver Address on Southern Trip.

Asheville, N. C., July 20.—At a meeting of the directors of the Asheville Board of Trade held this afternoon, it was decided to invite Col. Theodore Roosevelt to deliver an address here while on his Southern trip next September. The invitation will be presented through Judge J. C. Pritchard, of the United States Circuit Court.

SIXTH DISTRICT DEMOCRATS HERE

(Continued From Page One.)

Maj. Terry A. Lyon, of Cumberland, secretary of the committee, has been at the beach for several days. With General Manager Skelding, of the Tidewater Power Co., they will leave nothing undone for the perfect success of the convention. As previously announced, cars to the city will be operated all night for the convenience of those who may desire to leave the convention at any time, while persons on the floor may be in instant communication with the outside world by a special Western Union wire which will be installed by Manager Sale. General Manager Skelding has kindly consented to place the Lumina Orchestra at the disposal of the convention as the exigencies may require music.

Not one of the delegates who arrived yesterday would risk his reputation on a forecast of the result further than to predict that his favorite son would win. Many freely said that a deadlock is most certainly within the range of possibility and one loyal supporter of an up State candidate came in on a train yesterday with his blanket rolled about him in soldier fashion, declaring his purpose to camp out at Wrightsville all Summer unless he gets his man. With all this loyalty, the talk of "dark horses" will not down. While none of the gentlemen mentioned would doubtless authorize the use of his name in this connection, some of those spoken of are Hon. Joseph A. Brown, of Columbus; Hon. John D. Bellamy, of New Hanover; Hon. N. A. Sinclair, of Cumberland, and a host of others mentioned as deadlock possibilities. Still others declare most emphatically that the day of the dark horse is in the past and that one of the five candidates now in the race will receive the nomination.

Among some of the leaders in the fight that will take place before the convention who arrived yesterday aside from the candidates and their respective managers are ex-Sheriff Geo. B. McLeod, of Robeson, who made the fight for Godwin against his own countyman, Maj. A. J. McKinnon, of Maxton, and who captured three-fourths of the delegation; Col. N. A. McLean, of Robeson, the war-horse of many a district convention; ex-Congressman Gilbert B. Patterson, who is prominently mentioned for the chairmanship of the convention; Hon. Joseph A. Brown, of Columbus, who came so near landing the nomination in Fayetteville four years ago when Godwin was nominated; Geo. H. Currie and Dr. L. B. Evans, of Bladen; J. Bayard Clark, of Bladen; ex-Sheriff Frank H. Stedman and E. G. Davis, Esq., manager for Cook, of Cumberland; Editor J. P. Pittman, of the Dunn Guide; N. A. Townsend, Esq., and R. G. Taylor, managers of Mr. Godwin, in Harnett, and a host of others not for the moment recalled. New Hanover will send down some old-time fighters who know the game and will be there at the finish.

New Hanover Delegation.

Through the inability of several of those previously named as delegates from New Hanover to attend, Chairman Marsden Bellamy has appointed the following alternate delegates: R. E. Blake, vice B. G. Empie; B. O. Stone, vice T. W. Davis; F. T. Skipper, vice William Gilchrist, and W. L. West, vice W. N. Harriss. Other members of the delegation are R. G. Grady, T. D. Meares, Jr., John Barry, B. C. Moore, M. J. Heyer, Wm. E. Springer, L. B. Rogers, John J. Furlong, Marsden Bellamy, H. E. Truelove, W. P. Gafford, C. T. Harper, A. S. Williams, M. L. Starkey, C. F. MacRae, J. O. Carr, Geo. L. Peschau, R. C. DeRosset, W. P. M. Turner, Gerrit Walker, D. McEachern, Jas. H. Cowan, Geo. H. Howell, DeWitt C. Love, John D. Bellamy, Martin Newmann, J. E. Thompson, John G. McCormick, J. J. Bell, W. E. Watson, George Rountree, A. G. Ricaud, Jack Bellamy, George Harriss, Robert Ruark, J. R. Kennedy, A. L. Council and H. O. Wallace.

Bulletins of the "Fight."

From the organization of the convention until a nomination is made, The Star will bulletin briefly the result of the contest at its office on Princess street. For the benefit of its many friends and subscribers at Lumberton, through its representative there, it has also arranged to display bulletins each day and night until 12 o'clock at McMillan's drug store where the public is invited to call and receive the returns with the compliments of the paper and its local representative. As a contest will go up from practically every county in the district, it is hardly expected that balloting will begin before about nightfall. How long it will continue after that time is problematical.

Among the arrivals at The Orton yesterday, most of whom are here for the convention, are: Maj. E. J. Hale, Fayetteville; A. T. Clark, Bolton; C. P. Parker, Bladen county; B. T. McBryde, Fayetteville; R. C. Lawrence, N. A. McLean, R. A. McLean, J. P. Townsend, J. L. Stephens, R. E. Lewis, B. O. Townsend, H. M. McAllister, Lumberton; I. W. Carter, Maxton; W. E. MacDaniel, Whiteville; R. S. Newton, J. Fred Smith, R. W. Davis, L. S. Fefel, R. R. Watkins, Capt. Jas. A. Williams, Southport; C. B. Huggins, Fayetteville; S. W. Smith, Melvin Smith, P. L. Swain, Suburb; Ellis Goldstein and Norwood Wade, Dunn; B. O. Parker, A. F. Johnson, H. H. Johnson, Chas. Ross, Lillington; G. W. Autry, W. A. Lancaster, T. C. Lancaster, Brunswick; G. K. Grantham and J. D. Barnes, Dunn; H. D. Ward, Suburb; R. Galloway and J. W. Dixon, Supply; L. R. Parker, Wade; W. M. Page, Godwin.

Mr. A. J. McKinnon, of Maxton, one of the aspirants for the nomination, also arrived yesterday, accompanied by Miss Sallie L. McKinnon, and they are guests at The Orton.

PROF. McINTOSH ELECTED.

Chair of Law at University in Place of Dr. Ruffin.

(Special Star Telegram.)

Raleigh, N. C., July 20.—The board of trustees of the University of North Carolina this afternoon elected Prof. A. C. McIntosh as professor of law at the University in place of Dr. Thomas Ruffin. Prof. McIntosh is now of the law faculty at Trinity College. He is an Alexander county man, a graduate of Davidson College, with M. A. degree, and an author of a law book of special note, "Cases on Contract."

MANEUVRES AT GETTYSBURG.

Day in United States Camp of Instruction—Details.

Gettysburg, Pa., July 20.—The 3,000 National Guardsmen from the District of Columbia and West Virginia in the United States Camp of Instruction were given their first real experience in maneuvre work today when they were out all morning in attack and defense problems, followed by a hard afternoon's work in battalion drills.

The regulars were out today coping with the more intricate problems of the disposition of troops for the security and information of forces in campaign and bivouac. They were carried on by the regimental commanders. The batteries and maneuvres in occupying position at night while there were special exercises for the engineer and signal corps. There is a great deal of apprehension in the regular camp over the appearance of acute spinal meningitis among the horses of the Fifth United States cavalry. Already three of the animals have died from the disease and several are sick. Dr. M. Moriarty, the local representative of the State live stock sanitary board, diagnosed the disease as meningitis and a request was sent to Dr. S. H. Gilliant, State veterinarian to send a representative of the department.

The cavalry horses have all been ordered kept from other animals in camp as the danger of the trouble spreading is great.

FOWLER IN DEFENSE.

Spoke for Insurgency in New Jersey Yesterday.

Paterson, N. J., July 20.—"Every protest against established wrong during the past 1,200 years has been the voice of insurgency. Every protestant against wrong is an insurgent for the right."

Representative Charles N. Fowler, of New Jersey, who is a candidate for the United States Senate, said to succeed Senator Kean defended insurgency in an address delivered here tonight: "Organized wealth through the forms of the law, began to encroach upon the rights of the people. Theodore Roosevelt protested against these legalized wrongs and as an insurgent demanded a square deal; that is, equal opportunities for all the people under just laws. Under the leadership of this great twentieth century insurgent there is a new crusade against privilege which is nation-wide.

"What then is the issue of today? Concretely expressed, it is this. It is a struggle for what Abraham Lincoln called the government, by and for the people. It is a struggle against a Government of, by and for special privilege.

"Every true Republican will keep this end steadily in view. It will keep him always regularly true, though he may not some times be regularly regular."

FOUR CHILDREN PERISHED.

Caught in Death Trap in Burning Hay Barn on Farm.

Bradford, Pa., July 20.—In a burning hay barn four children perished on the farm of John Adams, at Rasselas, south of here this afternoon. Several others had narrow escapes. Three of the four victims were sons of farmer Adams. John Jr., aged 12, Michael, aged 9, and Joseph, 5 years old. The fourth was a neighbor's boy, Michael Bosik, aged 10.

Adams and his son George were painfully burned in an effort to rescue the children. A load of hay had just been brought into the big barn where the children were playing. They pitched to and helped to unload and the rack was barely emptied onto the threshing floor when the children's playful work turned into panic at the discovery of fire. The flames spread wildly throughout the barn and the youngsters scrambled for the chutes into the stables below. Four of the boys, however, were caught. Their charred bodies were found in the ruins tonight.

INSURGENCY WILL CEASE.

After Present Campaign Says Speaker Cannon.

St. Louis, July 20.—Speaker Cannon, who tonight passed through St. Louis en route from Kansas to his home in Danville, Ill., declared here that after the present campaign insurgency would cease to be an issue. He said he was much pleased with his reception in Kansas and believed he had done much good.

"I haven't been bitter against Senator Bristow and the Kansas insurgents," he said, "I do not want them shot, as I have been quoted as saying.

"This is not warfare. If it were warfare, they certainly would be shot because they are nothing more than guerillas. You know guerillas fight on both sides. That's what the insurgents are doing."

The Speaker said he expected to rest at home for the next three weeks.

GOMPERS' POSITION.

Talks in Regard to Stove and Range Case.

St. Louis, Mo., July 20.—Samuel Gompers, president of the American Federation of Labor, who took part in concluding the settlement of trouble between the Federation and the Bucks Stove & Range Company at Cincinnati, arrived here this afternoon. He declared his coming had nothing to do with the settlement and that he is here to make arrangements for the convention of the Federation to be held here in November.

"The agreement reached in Cincinnati," said Mr. Gompers, "can have no effect upon the case against myself and other officials of the Federation now pending in court. I would not have the case withdrawn if I could. It is a principle we are standing for."

DEATH BY THE BULLET.

Woman's Tragic End at Waverly, Va., Yesterday.

Petersburg, Va., July 20.—In view of the clerks in her husband's place of business at Waverly, Va., 20 miles from here, and before they could interfere, Mrs. Warner Grammer, wife of Councilman Grammer, of that place, this afternoon took a 38-calibre revolver from his desk, placed its muzzle in her mouth and fired a shot into her brain. Death was instantaneous. Long continued ill health is assigned as the reason for the act. She is survived by a 10-year-old son and her husband.

Photo by American Press Association.

Brockton, Mass., July 20.—Daniel Waldo Field is going to school again. It is not surprising that a man wants to go to school, but when that man is a millionaire and forty-five years of age then it is different. Mr. Field has just completed his plans for entering Harvard and will be the oldest student in the University. In his youth he was unable to obtain the education he desired, but that did not keep him from making a success in the business world. Mr. Field is a millionaire shoe manufacturer, and he says that he wants to enjoy his millions with an education that will enable him to glean the better things in life.

SENSATION IN SALISBURY.

Blind Tiger Detectives Said to Have Been Spirited Away.

Salisbury, N. C., July 20.—A small sensation occurred in Salisbury today when three detectives who were brought to this city two weeks ago, failed to appear in Rowan county court as witnesses against seven Salisburians who were indicted for retailing liquor. The citizens indicated were J. B. McLean, D. M. Balackwelder, Homer Miller, Pink Moore, S. C. Miller, George Masters and C. H. Chaines. The detectives who worked up the indictments are H. K. Taylor, J. W. Schultz and W. A. Norvell.

Upon the failure of the detectives to appear it was rumored that they had been assaulted and spirited away but this report lacks confirmation and the Salisbury officers are entirely in the dark as to what became of the detectives. The cases were continued until August 12th. The affair has caused much talk and some excitement in Salisbury and there is considerable conjecture as to what became of the three men who swore out the indictments. There are a number who hold to the belief that they were severely beaten last night and placed in hiding by their foes and at this writing the affair is shrouded in mystery.

NAVAL STORES RECORD PRICE.

Rosin and Turpentine Reach New High Mark—Scarcity Likely.

Savannah, Ga., July 20.—Bolstered up by a short crop with present and prospective scarcity and good steady demand in European and Northern markets, the price of turpentine and rosin have advanced to record figures for the height of this season. A few years ago a corner at the end of the season caused turpentine to be quoted as high as 75 cents, but for this time in the season the figures yesterday were never before touched. Today there was a slight reaction in the turpentine market, 69 1-2 being quoted against the close yesterday of 70 1-2.

The trading now is upon the crop coming in with every gallon finding a ready sale. Since the first of the season turpentine has been advanced about ten cents a gallon, an unusually rapid icrease.

Reports all indicate that the crop will fall far short of its usual volume.

As to rosin the lower grades have advanced much more than the higher, low grades having advanced as much as $1.50 a barrel since the season opened and being now probably higher than has ever been known.

BEATEN AND ROBBED.

Prominent Young Man of Washington, D. C., Set Upon at Spencer.

Spencer, N. C., July 20.—Columbus Sheppard, a prominent young man of Washington, D. C., was set upon by two negro highwaymen a mile east of here near midnight, beaten into insensibility, and robbed of $200 in cash. Sheppard was found later in an unvonscious condition by passing farmers and taken to the home of Lum Kesler, the objective point of his trip from Spencer. He regained consciousness long enough to state that his assailans were negroes and that they had used rocks as weapons. Attending physicians state that there is a possibility of recovery.

Cleveland, O., July 20.—East Cleveland appraisers have applied a valuation of $1,060,000 on John D. Rockefeller's Forest Hill estate. This is an increase of 300 per cent. over the last appraisal when the valuation was fixed at $250,220. Mr. Rockefeller has not indicated whether or not he will fight the appraisement.

Albany, Ore., July 20.—Three men were burned to death last night in a foreign fire along the North Santiam river, four miles east of Detroit. The men met death in an effort to save their tools. Another big fire is burning in the Cascade Mountains, northwest of Mount Jefferson.

The New Bonds

If you have North Carolina Four Per Cent Bonds, due July 1st, 1910, send them to us for payment or exchange for the new issue. We purchased $150,000.00 of the new Bonds, which are free of all taxes, and being a State depository are prepared to take up the maturing Bonds.

THE SOUTHERN NATIONAL BANK

Norfolk, Va., July 20.—Judge William F. Rhea, a member of the State Corporation Commission, an intimate friend of former Governor Swanson, and one of the leaders of the State Democratic organization while in Norfolk today made the prediction that Swanson will be named by Governor Mann to succeed the late John W. Daniel, in the United States Senate. He said the appointment will be made August 1st.
